

## STUDENT FEEDBACK ON CURRICULUM 2018-19

<b>Suggestions</b>	<b>Action taken</b>
Given the current job market, students are increasingly likely to find employment in the field of computers. Therefore, please provide information on relevant computer skills and courses.	In this context, we have reached out to all Heads of Departments (HODs) to request their input on developing application papers focused on computer skills. We believe that incorporating this content will better prepare our students for the job market and enhance their employability in the ever-evolving field of technology. Your collaboration in this initiative is crucial for aligning our curriculum with industry demands.
More practical training sessions are desired by the students	Formal instructions were issued to all HODs to address the issues, leading teachers to focus more on practical sessions and enhance experiential learning.
Suggestion by the students, should introduce more application oriented Programs in UG for the benefit of students.	B.Sc. (Mathematics, Statistics and Data Science) course started from the session 2019-2020.
Many students recommend hands-on experience to improve their practical skills in their areas of expertise.	The college management has approved the implementation of training programs focused on practical skills for students in their respective fields of study.
Updating the syllabus can enhance students' knowledge and understanding.	The management circulated to all HODs to Upgrade the syllabus for current environment.
Strengthening of extracurricular activities	Extra-curricular activities are planned from each department accordingly. Maximum effort is put from the side of staff to mobilize students towards these extra-curricular activities.
Proposal for one boys Hostel in the college	No such provision is available.
More Number of Eminent persons from various fields should be invited to address the students and staff.	The Principal of the college asked the HOD's , NCC & NSS wings of the college to organize such events by inviting the distinguished social workers, resource persons etc., especially from the localities.
More industrial visits to be organized for exposing the students to work place realities	Industrial visits are initiated from all the departments to expose students to different places and nature of jobs.

## FACULTY MEMBERS FEEDBACK ON CURRICULUM 2018-19

Suggestions	Action taken
Implement mathematics software for students to support their higher studies.	The M.Sc. Mathematics program will introduce SPSS courses for practical applications.
Students have raised the question of whether we could introduce a case study approach and include group assignments and projects	Case study assignments were assigned to BBA, BBA (Business Analytics), MBA, and MCA students, helping them develop problem-solving skills. Additionally, group assignments and interdepartmental projects were conducted.
Issues raised on facilities for labs	More funds allocated to improve infrastructure of labs.
To create research environment in college	Faculty members are encouraged to write projects to UGC and other research agencies.
E-waste recycling should be promoted within the student community.	Students raised awareness about e-waste recycling through community education programs and extension activities.
Excellent administration runs in our college	Administration is always employee centered. Healthy work atmosphere is created to encourage employees to put their full effort in terms of work and other responsibilities.
Teachers should have the freedom to adopt innovative techniques/strategies of teaching such as seminar presentations, group discussions etc	The details of the feedback were received by the heads of departments and appropriate awareness was created. Teachers were encouraged to adopt more innovative techniques and strategies for teaching.

## ALUMNI FEEDBACK ON CURRICULUM 2018-19

Suggestions related to infrastructure are noted for further necessary action.

<b>Suggestions</b>	<b>Action taken</b>
More exposure to field visits in curriculum	Formal instructions were circulated to all departments through competent authority for addressing the issue. All the teachers were notified about the issue and they were encouraged to have more field visits as a part of their curriculum.
Evidence based practical demonstration	Teachers paid more attention to give more attention for Evidence based practical education
Suggestions related to increase the infrastructure in the college	Labs are remodeled and necessary equipment is purchased.
Entrepreneurship development programs should be conducted.	Entrepreneurship development programs are held to foster the spirit of entrepreneurship among students.

## EMPLOYERS FEEDBACK ON CURRICULUM 2018-19

<b>Suggestions</b>	<b>Action taken</b>
Suggestions to enhance the work environment for teamwork.	Teachers were directed to promote a collaborative work environment that visibly supports teamwork.
Suggestion to enhance general communication skills	Formal instructions were issued to all departments by the competent authority to address the issues raised by employers. Teachers were directed to focus on enhancing students' communication skills.
Response to syllabus and academic training	The syllabus provides a well-rounded enrichment of students' academic knowledge, encouraging them to complement traditional learning with extracurricular activities and soft skills development.
Suggested to improve lab facilities	More funds allocated to improve lab facilities

### STUDENT FEEDBACK ON CURRICULUM 2019-2020

Suggestions	Action taken
There are currently few classes scheduled, leaving little time for studying and understanding the syllabus. Please allocate additional time for internal assessments, seminars, classes, and exams.	Due to the limited number of scheduled classes, students have insufficient time to study and grasp the syllabus. Additional time for internal assessments, seminars, and exams would be beneficial.
For current environment of students are most like to get job in the field of computers so please provide the computer skills papers	In this regard we circulated to all the HODs for providing application papers based on computers.
More practical training sessions are desired by the students	Formal instructions were circulated to all the HODs through competent authority for addressing the issues, teachers paid more attention to practical sessions and made their teaching more experiential..
Many students recommend hands-on experience to improve their practical skills in their areas of expertise.	The college management has decided to provide practical skills training for students in their respective programs.
Strengthening of extracurricular activities	Extra-curricular activities are planned from each department accordingly. Maximum effort is put from the side of staff to mobilize students towards these extra-curricular activities.
Proposal for one boys Hostel in the college	No such provision is available.
More Number of Eminent persons from various fields should be invited to address the students and staff.	The Principal of the college asked the HOD's , NCC & NSS wings of the college to organize such events by inviting the distinguished social workers, resource persons etc., especially from the localities.
More industrial visits to be organized for exposing the students to work place realities	Industrial visits are initiated from all the departments to expose students to different places and nature of jobs.

### FACULTY MEMBERS FEEDBACK ON CURRICULUM 2019-2020

Suggestions	Action taken
Concerns were raised regarding the facilities in the labs.	Increased funds have been allocated to enhance the lab infrastructure.
To foster a research environment within the college.	Faculty members are encouraged to submit project proposals to the UGC and other research agencies.

E-waste recycling should be promoted within the student community.	Students raise awareness about e-waste recycling through community education programs and extension activities.
Excellent administration runs in our college	Administration is always employee centered. Healthy work atmosphere is created to encourage employees to put their full effort in terms of work and other responsibilities.
From Hindi department want related books to the students in Library	Numbers of Hindi books are purchased from book exhibition and other publishers too.
Teachers should be given the freedom to adopt innovative teaching techniques and strategies, such as seminar presentations and group discussions.	Feedback details were shared with the heads of departments, leading to increased awareness. Teachers were encouraged to adopt more innovative teaching techniques and strategies.

### ALUMNI FEEDBACK ON CURRICULUM 2019-2020

Suggestions related to infrastructure are noted for further necessary action.

Suggestions	Action taken
Entrepreneurship development programmes may be conducted.	Entrepreneurship development programmes are conducted to promote spirit of entrepreneurship among students.
Suggestions related to increase the infrastructure in the college	Labs are remodeled and necessary equipment is purchased.
Evidence based practical demonstration	Teachers paid more attention to give more attention for Evidence based practical education

### EMPLOYERS FEEDBACK ON CURRICULUM 2019-2020

S. No.	Suggestions	Action taken
1	Suggested to improve lab facilities	More funds allocated to improve lab facilities
2	Suggestion to promote work environment for team work	Teachers were given instructions to ensure promotion of work environment in the form of team work should be visible.
3	Suggestion to enhance general communication skills	Formal instructions were issued to all departments to address employer suggestions, and teachers were directed to enhance students' communication skills.
4	Response to syllabus and academic training	The syllabus ensures well-rounded enrichment of students' academic knowledge. Through its syllabus transaction and motivates students to

		complement traditional learning with extracurricular and soft skills.
--	--	--

## STUDENT FEEDBACK ON CURRICULUM 2020-2021

Suggestions	Action taken
Suggested more practical exposure and hands on exposure to enhance student's practical skills in their field of expertise.	Formal instructions were circulated to all the HODs through competent authority for addressing the issue of increasing practical sessions with hands on training in small groups.
We want study hours	Since the college works in shift system, it would not be possible to conduct study hours but we included 2 to 3 study hours in the existing time table for all the classes.
Need to improve things in college and better to Provide Some technical subjects and Job related courses. Bring more placements to the college which will help to students to get better package	Technical subjects are offered to students in the form of MOOCs or certificate courses to enhance their knowledge.
All the lecturers should be friendly...so the understanding between the students and lecturers can complete syllabus speedy and that creates a reason for friendly acknowledge among students	Lecturers are professionally friendly with students and help them complete their assignments and seminars properly. With the co-operation of students lecturers always complete the syllabus on time and also revise the syllabus prior to the examination.
Need exact fee structure for all courses In detail with first and second term fee Initially management asked to pay application fee, registration fee etc., In first year and they said that we have to pay only tuition fee but now they are asking certain amount other than tuition fee for each course hope you'll look into my suggestion	Management is always students' friendly. As far as fee structure is concerned, it is perfectly fixed at reasonable amount for every course. Considering the financial convenience of the students, application fee and registration fee are also reasonably predetermined. Fee is collected systematically from students according to the fee structure of the particular course. If at all additional amount is collected it is to meet the academic requirements such as certificate courses, records, workbooks and departmental events. Transparency in terms of collecting fee and other financial matters is the asset of the Management.
We have faced few issues with syllabus that was finalized 2 months later and the teachers run for the completion of syllabus is quite disappointing	Due to Covid-19 effect, academic year is disturbed. Number of working days are reduced. To avoid the inconvenience of students in terms of coping with the syllabus time table is designed intact and, classes for every subject are planned perfectly. In spite of this, if a student faces any problem regarding syllabus completion necessary steps will be definitely taken on our behalf.

Strengthening of extracurricular activities	Extra-curricular activities are planned from each department accordingly. Maximum effort is put from the side of staff to mobilize students towards these extra-curricular activities.
The college should introduce more PG programs for the benefit of students . nearby rural area	M.Sc. Data Science started from the session 2021-20.
Proposal for one additional Girls' Hostel in the college	No such provision is available.
More Number of Eminent persons from various fields should be invited to address the students and staff.	The Principal of the college asked the HOD's , NCC & NSS wings of the college to organize such events by inviting the distinguished social workers, resource persons etc., especially from the localities.
More industrial visits to be organized for exposing the students to work place realities	Industrial visits are initiated from all the departments to expose students to different places and nature of jobs.

#### **FACULTY MEMBERS FEEDBACK ON CURRICULUM 2020-2021**

<b>S.No.</b>	<b>Suggestions</b>	<b>Action taken</b>
1	Issued raised on facilities for labs	More funds allocated to improve infrastructure of labs.
2	To create research environment in college	Faculty members are encouraged to write projects to UGC and other research agencies.
