ABOUT THE BOOK

We have great pleasure in presenting the first edition "**Software Solutions to Accounting**" written for students of UG courses. The subject matter is written in a simple and easily understandable language with sufficient support from real information. The language of the book is simple and the coverage of various unit is exhaustive with examples. This work is prepared as a basic material for the learners to know fully about Software Solutions to Accounting. We have tried to make the book very useful for the students but still we will thankfully solicit and incorporate the suggestions of our readers. This title "Software Solutions to Accounting" provides them an opportunity to develop the skills necessary to meet the challenges.
