YOUTH SYNERGY

On 27th September 2019, the Youth Synergy Event was organized at KaleswaraRao Market to I Town to PBS College, with a focus on community service and environmental cleanliness. A total of 30 cadets participated in the event: 14 from PB Siddhartha College, 09 from Maris Stella College, and 07 from Andhra Loyola College. The event included statue cleaning, public park cleaning, and donating food to old age homes, promoting social responsibility and civic engagement among students.

1. Objectives of Practices:

- **Community Service & Social Responsibility** – To encourage students to contribute to society through service activities.
- **Environmental Awareness** – To promote cleanliness and hygiene in public spaces.
- **Respect for Heritage** – To maintain and preserve public statues that represent historical and cultural significance.
- **Empathy for the Elderly** – To provide emotional and material support to the elderly in old age homes.
- **Teamwork & Leadership** – To develop leadership, teamwork, and coordination skills among cadets.

2. The Context:

The event was planned as a youth-driven community service initiative to address environmental and social issues. KaleswaraRao Market and surrounding public areas required attention due to litter accumulation and lack of maintenance. Additionally, the visit to the old age home aimed to bring comfort and support to elderly residents. By combining environmental and social welfare activities, the event emphasized holistic community development.

3. The Practice:

- **Statue Cleaning Drive** – Cadets cleaned historical and public statues, removing dirt and restoring their appearance.
- **Public Park Cleaning** – Volunteers collected litter, cleared weeds, and improved the cleanliness of the parks.

- **Food Donation to Old Age Homes** – Cadets visited an old age home, distributed food, and interacted with elderly residents.
- **Awareness Campaign** – The team encouraged local vendors and the public to maintain cleanliness in their surroundings.
- **Team Coordination & Leadership Activities** – Cadets were divided into teams to efficiently manage each activity.

4. Evidence of Success:

Cleaned statues and parks improved the aesthetic appeal of public spaces. Local residents and vendors appreciated the efforts of the students. The food donation brought smiles to the elderly, and cadets formed meaningful connections. Participants became more aware of their role in community service and environmental conservation. The initiative was acknowledged by the college and local media for its impact.

5. Problems encountered and Resources required:

Problems Encountered:

- Limited Cleaning Equipment – Shortage of cleaning supplies such as brushes, gloves, and waste bags.
- Public Interference – Some local vendors were hesitant about the cleaning drive near their stalls.
- Logistical Challenges – Coordinating multiple activities in different locations required proper planning.
- Time Constraints – Completing all planned activities within the schedule was a challenge.

Resources Required:

- Cleaning Supplies – Brushes, disinfectants, gloves, and garbage bags.
- Transportation Support – To carry food packets and cleaning materials.
- Volunteers & Organizers – More participants to expand the scale of the activities.
- Awareness Materials – Posters and banners to educate the public on cleanliness and social service.

QUIT INDIA MOVEMENT

On 8th August 2023, PB Siddhartha College organized a **Quit India Movement Commemoration Event** to honor the historic struggle for India's independence. A total of **28 cadets** actively participated, with **15 cadets from Maris Stella College**, **13 cadets from Andhra Loyola College**, **01 P.I Staff** and **01 ANO**. The event aimed to educate students about the significance of the movement and instill patriotic values through various activities like speeches, skits, and discussions.

1. Objectives of Practices:

- **Historical Awareness** – To educate students on the importance of the Quit India Movement and its role in India's independence.
- **Patriotism & Leadership** – To instill a sense of national pride and leadership qualities in students.
- **Teamwork & Collaboration** – To encourage cooperation between cadets from different colleges.
- **Public Speaking & Debate Skills** – To enhance communication skills through speeches and discussions.
- **Respect for Freedom Fighters** – To honor the sacrifices made by the leaders of the freedom struggle.

2. The Context:

The event was planned in remembrance of the **81st anniversary** of the Quit India Movement, which was launched by Mahatma Gandhi on **8th August 1942** against British rule. Given its significance in India's freedom struggle, the event sought to highlight its impact and relevance in modern times, encouraging students to apply the values of unity, self-reliance, and perseverance.

3. The Practice:

- **Guest Lectures & Speeches** – Faculty members and student leaders delivered speeches on the importance of the movement.
- **Skits & Role Plays** – Cadets enacted scenes depicting the key moments of the Quit India Movement.

- **Quiz Competition** – A quiz was conducted to test participants' knowledge of the independence struggle.
- **Patriotic Songs & Slogans** – Students performed patriotic songs and raised slogans like “Do or Die.”

4. Evidence of Success:

Students demonstrated a better understanding of the movement's impact. High engagement from cadets and faculty members in discussions and activities. Students expressed a strong sense of national pride and commitment to social causes. Participants appreciated the event's educational and motivational value. The event received coverage in college newsletters and local newspapers.

5. Problems encountered and Resources required:

Problems Encountered:

1. Limited Time for Preparation – Due to academic schedules, planning had to be done efficiently.
2. Coordination Challenges – Managing participants from multiple colleges required logistical efforts.
3. Technical Issues – Some issues with the sound system and stage setup.
4. Space Constraints – Accommodating all participants in one venue was challenging.
5. Limited Funding – Budget constraints affected the scale of the event.

Resources Required:

1. Venue & Stage Setup – A well-equipped auditorium or hall.
2. Audio-Visual Equipment – Microphones, projectors, and speakers for speeches and presentations.
3. Printed Materials – Flyers, brochures, and certificates for participants.
4. Guest Speakers – Experts in history and social activism.
5. Financial Support – Funding from the college or sponsors for organizing competitions and rewards.

8(ANDHRA) NCC NAVAL

Date: 13th Aug 2023

Meri Maati Mera Desh (75 Years Independence)

Meri Maati Mera Desh day was celebrated at PB Siddhartha College, Vijayawada on 13th Aug 2023, with the participation of 50 cadets.

No.of NCC 8(A)Naval Cadets	-	16
No.of NCC 3(A) R&V Cadets	-	09
No.of NCC 4(A) Girls	-	12
No.of NCC 17(A) Army cadets	-	13

This event aimed to honor the sacrifices of freedom fighters and soldiers who laid down their lives for the country.

1. Objectives of Practices:

- **Cultural Heritage Promotion** – To celebrate India's rich traditions, history, and regional diversity.
- **Environmental Commitment** – To encourage tree plantation and sustainable practices, connecting people to the land.
- **Community Participation** – To involve local communities, students, and institutions in nation-building activities.
- **Soil Collection & Memorials** – To participate in symbolic activities like soil collection from different regions and creating memorials.
- **Oath-Taking & Pledges** – To encourage individuals to take a pledge for the development and unity of the nation.

2. The Context:

"Meri Maati Mera Desh" is a national initiative launched by the Government of India to honor the **sacrifices of India's martyrs and freedom fighters**, while also promoting patriotism, cultural heritage, and environmental responsibility.

This initiative aligns with **Azadi Ka Amrit Mahotsav**, a celebration marking **75 years of India's independence**. The campaign encourages people across the country to pay tribute to the nation through symbolic activities like soil collection, tree planting, and pledge-taking.

3. The Practice:

The **"Meri Maati Mera Desh"** campaign includes various activities and practices to honor India's heritage, martyrs, and environment. Below are some key practices that can be followed as part of this initiative:

"Panch Pran" Pledge: Taking the **"Panch Pran" (Five Vows)**, which focus on:

- Making India a developed nation.
- Eliminating any colonial mindset.
- Preserving and promoting India's heritage.
- Strengthening unity and national integrity.
- Fulfilling duties as responsible citizens. Organizing **mass pledge ceremonies** in schools, colleges, and workplaces.

4. Evidence of Success:

The **"Meri Maati Mera Desh"** campaign has been widely successful in promoting patriotism, environmental consciousness, and community participation.

Millions of People Involved – The campaign has seen participation from schools, colleges, government bodies, and local communities across India.

Amrit Kalash Yatra – Thousands of soil collection drives were conducted, with soil from different regions contributing to a national unity memorial.

Social Media Trends – The campaign gained wide traction on digital platforms, with lakhs of posts, videos, and shares promoting the initiative.

5. Problems encountered and Resources required:

Limited Awareness & Public Participation

- Many people, especially in rural areas, were unaware of the campaign's objectives.
- Lack of interest or motivation among certain sections of society.

Logistical Challenges in Soil Collection & Transportation

- Difficulty in coordinating **soil collection and transportation** from different regions for the **Amrit Kalash Yatra**.
- Managing proper storage and preservation of collected soil.

Environmental Concerns & Sustainability Issues

- Some areas faced **lack of space for tree plantation** under the "Vasudha Vandhan" initiative.
- Ensuring long-term care of newly planted trees and memorial sites.

Date: 18th AUG 2023

CYCLIC EXPEDITION BY NAVAL OFFICERS

A Cyclic Expedition **organized** by 4 naval officers from the Eastern Naval Command Headquarters in Visakhapatnam **to** Arakkonam, Tamil Nadu, **was conducted at** PB Siddhartha College, Vijayawada **on** 18th August 2023. **The event involved** 28 cadets, **with participants from** PB Siddhartha College (14 cadets), Maris Stella College (8 cadets), **and** Andhra Loyola College (6 cadets). While the cycling expedition team was leaving from the Eastern Naval Command Headquarters, Visakhapatnam and reaching Arakkonam, Tamil Nadu, Commander Ankit Kumar Singh said that there are many job opportunities in the Indian Navy for NCC Navy cadets from P.B. Siddhartha College, an important college in our state, and that they should try for a job in the defence sector through the Agniveer Scheme. Commander Ankur Agarwal, Lieutenant Commander Harshita Shetty, Lieutenant Anshul Sahu, in this team, gave instructions to the NCC cadets.

1. Objectives of Practice:

- ☐ **Physical Fitness and Endurance:** To encourage cadets to improve their physical fitness and stamina through a rigorous cycling expedition.
- ☐ **Teamwork and Collaboration:** To foster teamwork by having cadets work together, coordinate, and support each other throughout the journey.
- ☐ **Leadership Development:** To instill leadership skills by assigning roles and responsibilities among cadets, ensuring they can guide and support one another effectively.
- ☐ **Adventure and Learning:** To provide cadets with an adventurous experience that helps them step out of their comfort zones while learning important life skills such as perseverance, focus, and problem-solving.

2. The Context:

The **Cyclic Expedition** was part of a larger initiative to engage cadets in outdoor adventure activities, promoting physical fitness and mental fortitude. The naval officers from the **Eastern Naval Command Headquarters in Visakhapatnam** aimed to create a challenging yet rewarding experience for the participants, where they could push their limits while learning valuable life lessons. The event also served as a platform for cadets from **PB Siddhartha College, Maris Stella College, and Andhra Loyola College** to come together, fostering inter-college relations and collaboration in a spirit of camaraderie and healthy competition.

3. The Practice:

☐ Planning and Coordination:

- The event was meticulously planned and coordinated with input from naval officers, event organizers, and participating colleges. A detailed route was decided, ensuring that the expedition was both challenging and feasible for the cadets.
- Logistics such as transportation, food, and water were organized in advance to ensure the cadets' well-being throughout the journey.

☐ Training and Preparation:

- Prior to the event, the cadets were trained in basic cycling skills and fitness routines. They were also briefed on safety protocols and the goals of the expedition, such as working together as a team.
- Naval officers and event coordinators conducted preparatory sessions to familiarize the cadets with the route and ensure they were physically prepared for the challenges ahead.

☐ Cycling Expedition:

- On the day of the event, the cadets embarked on the cycling expedition, navigating through the planned route from **Visakhapatnam to Arakkonam, Tamil Nadu**. The journey was carefully paced, with breaks and checkpoints for safety and rest.
- Throughout the journey, the naval officers provided guidance and monitored the cadets' progress, offering leadership advice and motivating the participants.
- The event incorporated elements such as time management, teamwork, and navigation, requiring cadets to rely on one another for support.

4. Evidence of Success:

The success of the **Cyclic Expedition** held at **PB Siddhartha College, Vijayawada**, on **18th August 2023** can be demonstrated through various outcomes, metrics, and feedback collected from participants, organizers, and volunteers. **30 cadets** from **PB Siddhartha College, Maris Stella College**, and **Andhra Loyola College** participated in the event, and all cadets completed the cycling journey, demonstrating their physical endurance and perseverance. The event was marked by high engagement, with cadets actively participating in all aspects of the journey, such as navigating the route, maintaining teamwork, and adhering to safety protocols.

5. Problems Encountered and Resources Required:

Weather Conditions:

- **Problem:** Unpredictable weather conditions (e.g., rain, heat) could have affected the cadets' performance and safety.
- **Solution:** The event organizers kept an eye on weather forecasts and made adjustments to the schedule if necessary. Proper hydration and cooling mechanisms were provided to handle heat, and rain gear was available if needed.

Fatigue and Physical Strain:

- **Problem:** The physically demanding nature of the expedition led to fatigue and potential strain on some cadets.
- **Solution:** Adequate breaks were scheduled to ensure the cadets could rest, hydrate, and recover. Medical staff were on standby to address any health issues or injuries.

Equipment Malfunctions:

- **Problem:** Mechanical issues with bicycles, such as flat tires or chain problems, could delay the expedition.
- **Solution:** Basic cycling repair kits were provided, and trained volunteers or staff were available to fix any issues along the route.

Cyclic Expedition

8(ANDHRA) NCC NAVAL

Date: 4th Dec 2024

NAVY DAY

The Navy Day Event was organized at PB Siddhartha College, Vijayawada, on 4th November 2024, to honor the achievements and contributions of the Indian Navy. The event aimed to educate students about the naval forces, their role in national security, and inspire young minds to consider careers in the Indian Navy. Various activities, including documentary screenings, guest lectures, demonstrations, and an awareness rally, were conducted to commemorate the bravery and sacrifices of naval personnel.

Location: PB Siddhartha College, Vijayawada

Date: 4th November 2024

Participants: 29 cadets

- 10 cadets from PB Siddhartha College
- 12 cadets from Maris Stella College
- 7 cadets from Andhra Loyola College

1. Objectives of Practices:

- Recognize the Contributions of the Indian Navy – Spread awareness about the Navy's role in safeguarding the nation.
- Inspire Youth for Naval Careers – Encourage students to join the Navy through NCC and other defense recruitment programs.
- Promote Maritime Security Awareness – Highlight the importance of securing India's coastline and the role of naval operations.
- Educate on Naval Operations & History – Showcase historic naval battles, technological advancements, and humanitarian efforts.

2. The Context:

Navy Day in India is celebrated annually on 4th December to commemorate Operation Trident, the successful naval attack on Karachi harbor during the 1971 Indo-Pak War. However, this event was conducted on 4th November 2024 at PB Siddhartha College to honor the Navy's dedication and spread awareness among students well in advance.

With India having a vast coastline and a growing emphasis on maritime security and defense, it is crucial for young citizens to understand and appreciate the role of the Navy. The event aimed to bridge the knowledge gap and inspire students to take an interest in naval defense.

3. The Practice:

- Awareness Rally – Cadets marched with banners and placards displaying slogans like *"Salute the Indian Navy"*, *"Guardians of the Sea"*, and *"Defenders of the Nation"*.
- Guest Lecture by a Naval Officer – A retired Navy officer spoke about naval operations, career opportunities, and life in the Navy.
- Documentary Screening – A short film on Operation Trident, naval warfare, and humanitarian missions was shown.
- Military Drill & Demonstration – NCC cadets performed basic drills and salutes as a tribute to naval personnel.
- Exhibition on Naval Equipment & Ships – Posters and models of warships, submarines, and aircraft carriers were displayed.

4. Evidence of Success:

- Increased Awareness – Students gained knowledge about the Indian Navy's role and career opportunities.
- Inspired NCC Cadets – Many cadets expressed interest in applying for naval careers and defense services.
- Positive Feedback from Faculty & Guests – The event was well received by college authorities and guest speakers.
- Media & Social Media Recognition – The event was covered by local newspapers and shared on social media platforms.

5. Problems encountered and Resources required:

Problems Encountered:

- Limited Guest Speaker Availability – Securing a naval officer or defense expert for the event was challenging.
- Lack of Practical Demonstrations – Hands-on experiences with naval equipment were not possible due to resource limitations.

- Time Constraints – Managing multiple activities within a short time frame was difficult.
- Limited Student Participation – More non-NCC students could have been involved for broader awareness.

Resources Required:

- Navy Personnel or Defense Experts – Inviting serving or retired naval officers for live interactions.
- Naval Simulation & Demonstrations – Access to VR simulations or naval training modules for practical learning.
- Educational Materials – Pamphlets, booklets, and posters about Indian naval history and operations.
- Financial Support – Sponsorships or funding for event logistics, banners, and refreshments.

Navy Day

Date: 27th NOV 2023

"BLOOD DONATION CAMPAIGN"

A **blood donation camp** organized the 17(A)BN NCC, P.B Siddhartha College of Art & Science, Vijayawada is an event that highlights the spirit of service, compassion, and national duty. In this noble initiative, cadets play a crucial role in encouraging the community to donate blood, ensuring that those in need of life-saving transfusions have access to the vital resource. The camp typically takes place in schools, colleges, or community centres, where cadets coordinate with medical professionals and volunteers to ensure smooth operations.

Date of Camp: 27th Nov 2023, with 14 attendees present in the camp.

1. Objectives of Practices:

1. Promote Awareness: Educate the public about the importance of voluntary blood donation and the critical need for blood in healthcare systems.
2. Increase Blood Donation: Encourage individuals to donate blood regularly to ensure an adequate supply for hospitals, especially for emergencies, surgeries, and patients with chronic conditions.
3. Ensure Safe Blood Supply: Collect and test blood to ensure its safety, preventing the transmission of infections and diseases.

2. The Context:

The **context of a blood donation campaign** refers to the specific environment, setting, and circumstances in which the campaign takes place. It encompasses the factors influencing the campaign's objectives, the target audience, and the methods used to conduct the campaign. The level of awareness and acceptance of blood donation within the community. The local

and national need for blood, particularly in emergency situations, surgeries, and for patients with chronic conditions. The availability of facilities for safe and hygienic donation processes, including trained professionals and equipment.

3. The Practice:

Pre-Camp Preparation

- **Planning and Coordination:** Blood donation camps require careful planning, including choosing a location (e.g., community centers, schools, hospitals), setting a date, and ensuring enough volunteers and staff are available.
- **Collaboration with Health Authorities:** Working with local health departments, hospitals, or blood banks to ensure there is sufficient infrastructure and resources for the collection, storage, and transportation of blood.
- **Awareness Campaigns:** Publicizing the event through posters, social media, and local media to encourage community participation and inform people about the importance of donating blood.
- **Staff and Training:** Ensuring that trained professionals (doctors, nurses, phlebotomists) are available to conduct health screenings, collect blood, and provide postdonation care.

4. Evidence of Success:

- **Increased Donor Numbers:** Successful blood donation camps see an increase in the number of participants, especially in regions with growing awareness about the importance of blood donation.

The number of donors in each camp is often a key metric used to evaluate success. Regular participation and repeat donations from previous donors are also indicators of growing trust and support.

- **Diverse Donor Demographics:** Evidence of success is reflected in the increasing diversity of donors, including students, professionals, and local community members. Engaging younger generations in blood donation is particularly important, as they help maintain a sustainable blood supply in the long term.

5. Problems encountered and Resources required

Health Concerns or Complications with Donors

- **Problem:** Some donors may experience dizziness, fainting, or other health issues during or after donation.
- **Possible Causes:** Donors may not be well-rested, hydrated, or prepared for the donation process.
- **Solution:** Provide clear instructions to donors about preparation (e.g., eating and hydrating before donation) and have medical professionals on hand to monitor donor health during and after donation. **Resources Required:**

- **Medical Team:** Doctors, nurses, and paramedics to supervise and assist with the blood donation process.
- **Blood Collection Equipment:** Sterile needles, blood bags, and other equipment necessary for collecting and storing blood.
- **Medical Supplies:** Gloves, masks, antiseptic wipes, and other medical supplies to ensure a safe and hygienic environment.
- **Defibrillator and Emergency Equipment:** Equipment to handle any medical emergencies that may arise during the camp.

“AIDS AWARENESS PROGRAMME”

Aids Awareness Programme is aimed to educate the community about HIV/AIDS prevention, break the stigma surrounding the disease and promote safe practices. AIDS Awareness Programme is organized by the 17(A)BN NCC, P.B. Siddhartha College of Arts and Science, Vijayawada which brought together individuals and communities to raise awareness, promote education, and advocate for the rights and needs of people affected by HIV/AIDS.

Date: 30-11-2023 with 21 attendees present at the programme.

1. Objectives of Practices:

- ✦ Awareness & Education – To provide accurate information about HIV/AIDS, including causes, transmission, and prevention.
- ✦ Reducing Stigma & Discrimination – To address misconceptions and promote inclusivity for people living with HIV/AIDS.
- ✦ Promoting Safe Practices – To encourage safe behaviours, including the use of protection and regular health check-ups.
- ✦ Encouraging Voluntary Testing – To highlight the importance of early detection and HIV testing facilities.
- ✦ Empowering Youth – To inspire attendees to be advocates for AIDS awareness in their communities.

2. The Context:

The Awareness Programme was conducted on 30-11-2022 to provide education to the community about HIV/AIDS and its prevention, break the stigma surrounding the disease and promote safe practices. Through the display of placards and slogan given by the attendees is aimed to equip with the knowledge and responsibility to spread awareness within their communities and an awareness talk is organized to educate the communities present in the programme.

3. The Practice:

- Guest Lecture / Awareness Talk – Experts from the medical field spoke about HIV/AIDS prevention and treatment.
- Poster Presentation & Slogan Writing – attendees created posters and slogans highlighting AIDS awareness messages.
- Interactive Q&A Session – A discussion session where attendees could ask questions about HIV/AIDS.

4. Evidence of Success:

The success of **Aids Awareness Programme** is evident in the tangible progress made in awareness, education, treatment access, research, and advocacy. Although challenges remain, such as tackling HIV-related stigma and ensuring universal access to treatment, attending the Aids awareness programme has been an instrumental in advancing global efforts to combat the HIV/AIDS epidemic. This programme serves as a reminder that continued dedication, collaboration, and investment are necessary to achieve an AIDS-free future.

5. Problems encountered and Resources required

Problems Encountered:

- ✦ Limited Awareness Among Youth – Some youth lacked prior knowledge, requiring basic explanations.
- ✦ Myths & Misconceptions – Some attendees have misconceptions about HIV/AIDS that needed to be addressed.
- ✦ Time Constraints – Managing multiple activities within a limited timeframe was challenging.

Resources Required:

- ✦ Guest Speakers & Medical Experts – Professionals to educate students on HIV/AIDS.

- ✦ Awareness Materials – Posters, pamphlets, and banners with educational content.
- ✦ Audio-Visual Equipment – Projectors, microphones, and speakers for presentations.

17(A)BN NCC

Date: 27th SEP 2023

“PUNEET SAGAR ABHIYAN”

“Puneet Sagar Abhiyan” is a national cleanliness drive initiated by the National Cadet Corps (NCC) to clean sea shores of plastic and other waste material by raising awareness about the importance of cleanliness. Puneet Sagar Abhiyan promote the importance of keeping India’s beaches, rivers, and water bodies clean. The term "Puneet Sagar" translates to "Pure Ocean," and the mission aims to create awareness about the harmful impact of plastic waste and pollution on the environment, especially in our water bodies.

Puneet Sagar Abhiyan is organized by the 17(A)BN NCC, P.B. Siddhartha College of Arts and Science, Vijayawada.

Date: 27-09-2023 with 16 attendees present at cleanliness drive.

1. Objectives of Practices

- **Objective:** To actively involve the community in cleaning beaches, shores, and nearby coastal water bodies to restore their natural beauty and health. This includes removing plastic, waste, and debris from coastal environments.
- **Practice:** Organizing regular beach clean-up drives and providing the necessary tools (gloves, bags, etc.) to volunteers for collecting waste and debris.

Coordinating with local and municipalities to create waste disposal systems, promoting better waste management practices, and seeking policy changes that support plastic-free coastal zones.

2. The Context

- **Rising Plastic Consumption:** India's increasing consumption of single-use plastic and inadequate waste management infrastructure are major contributors to the growing pollution problem.
- **Tourism Impact:** Coastal tourism is significantly impacted by the presence of garbage and debris on beaches. It can drive tourists away and create negative perceptions of the area.
- **Urgency:** Without immediate action, the pollution will continue to grow, further harming marine ecosystems and threatening the livelihoods of people dependent on the oceans.

3. The Practice:

- **Setting Up Waste Bins and Disposal Systems:** The Abhiyan ensures the installation of waste bins along beaches and coastal areas to encourage proper disposal by residents and tourists.
- These bins are regularly emptied and cleaned to avoid overflow.
- **Community Clean-Up Kits:** Communities are provided with basic clean-up kits (gloves, bins, masks) to enable them to conduct their own clean-up drives on a regular basis, even outside of organized events.
- **Collaboration with Local Government:** Engaging local authorities in building better waste management infrastructure such as trash collection points, recycling centers, and eco-friendly packaging solutions.

4. Evidence of Success:

Reduced Pollution Levels in Popular Coastal Areas

- **Cleaner Beaches:** Many of the targeted beaches and coastal regions have experienced noticeable improvements in cleanliness, with reduced levels of litter and debris. This has led to healthier marine environments and improved aesthetics of the beaches.

5. Problems encountered and Resources required:

- **Volunteers:** The success of clean-up drives relies heavily on the participation of volunteers. Engaging local communities, youth groups, and environmental organizations is essential for mobilizing people for clean-ups and awareness campaigns.
- **Skilled Workforce:** Having a skilled workforce for waste management, including waste segregation and recycling, ensures that the collected waste is properly handled.
- **Awareness Ambassadors:** Local leaders, community influencers, and environmental experts can be used as ambassadors to spread awareness about the harmful effects of plastic pollution and motivate people to participate in the campaign.

Resources Required

- **Brooms and dustpans:** For sweeping on shores and collecting dust and debris.
- **Trash bags:** For collecting and disposing of trash and recyclables.
- **Personal Protective Equipment (PPE):** Gloves, masks, and other PPE for sanitation workers.

Date: 02th AUG 2023

"TREE PLANTATION"

Tree Plantation drive is organised by 17(A)BN NCC, P.B. Siddhartha College of Arts and Science, Vijayawada highlighting their commitment to environmental sustainability. This drive aimed to raise awareness about environmental protection and sustainability.

Date: 02-08-2023 - 15 attendees present at the drive

1. Objectives of Practice:

- Raise Awareness – Educate participants about environmental issues such as pollution, deforestation, and climate change.
- Promote Sustainability – Encourage eco-friendly habits like waste reduction, recycling, and energy conservation.
- Enhance Participation – Engage students, cadets, and the community in activities that contribute to environmental protection.
- Develop Responsibility – Instil a sense of duty towards nature and inspire proactive steps for a cleaner environment.
- Encourage Plantation – Promote afforestation and tree plantation drives to improve air quality and biodiversity.

2. The Context

Tree plantation is the part of a broader environmental conservation effort that aims to combat climate change, restore ecosystems, and improve the quality of life for individuals and communities "Global Environmental Challenges"

- Climate Change
- Deforestation and Land Degradation
- Biodiversity Loss
- Soil Erosion and Desertification
- Urban Pollution - Water Conservation

3. The Practice:

Plantation

- Tree Planting: Plant trees at the correct depth, spacing, and orientation.

- Watering: Water trees regularly, especially during the initial growth stage.
- Mulching: Apply mulch around trees to retain moisture and suppress weeds.

4. Evidence of Success:

Below are the key indicators of its impact. 20 attendees enthusiastically engaged in various activities, demonstrating a strong commitment to environmental protection. Several saplings were planted around the nearest area, contributing to increased greenery.

5. Problems Encountered and Resources Required:

Problems Encountered:

- **Limited Public Awareness:** Many people are unaware of the importance of trees and the role they play in environmental conservation. This lack of awareness can lead to low participation in tree plantation programs and insufficient care for newly planted trees.
- **Community Resistance:** Some communities may resist tree plantation due to misunderstandings about the purpose or lack of trust in the project's long-term sustainability. This is particularly the case if they are not adequately involved in the decision-making process.

Resources Required:

1. Land: Suitable land for plantation, taking into account factors like soil quality, climate, and accessibility.
2. Seeds and Saplings: High-quality seeds and saplings of the desired plant species.
3. Soil and Fertilizers: Soil amendments and fertilizers to promote healthy plant growth.
4. Irrigation Systems: Irrigation systems, such as pipes, pumps, and sprinklers, to provide adequate water supply.

5. Tools and Equipment: Necessary tools and equipment, like shovels, rakes, and pruning shears, for plantation and maintenance.

PUNEETH SAGAR (2022)

(To clean Rivers from plastic and other waste materials and create awareness)

The Puneeth Sagar River Cleaning event aimed to honor the commitment to environmental preservation and to raise awareness about the importance of clean rivers for the future of the nation. 39 cadets have been participated in it.

1.Objectives of the Practice

To clean and restore the Krishna River to its natural beauty.

To spread awareness about water conservation and pollution control.

To inculcate a sense of responsibility among NCC cadets and the local community.

To promote sustainable environmental practices.

To encourage community participation in keeping water bodies clean.

2.The Context

Water pollution is a significant environmental issue, especially in rivers that sustain millions of lives. The Krishna River, a major lifeline for several states, has been affected by pollution due to human activities, industrial waste, and plastic pollution. Recognizing the urgent need for action, NCC cadets initiated the Puneeth Sagar Campaign to clean the river and educate people about the importance of maintaining water bodies.

"जल ही जीवन है, इसे बचाना अपना कर्तव्य है।"

(Water is life; it is our duty to save it.)

3.The Practice

NCC cadets with other volunteers, organized a river cleaning drive at the banks of the Krishna River. They removed many kgs of plastic waste, debris, and other pollutants affecting the river ecosystem. Awareness campaigns, including street plays and posters, were conducted to educate locals about waste disposal.

Volunteers planted trees along the riverbanks to prevent soil erosion and maintain ecological balance. Regular monitoring of water quality was undertaken to assess improvements.

4.Evidence of Success

Visible improvement: Reduction in plastic and other pollutants in the cleaned sections of the river. Community involvement: Local residents and fishermen actively participated in maintaining cleanliness. Increased awareness: People became more conscious of their waste disposal habits. Government and NGO support: Recognition and assistance from local authorities and environmental organizations.

32.01° 343 N

5.Problems Encountered and Resources Required

Problems:

Lack of awareness and initial reluctance from local communities.

Inadequate disposal facilities for collected waste.

Logistical challenges in coordinating large-scale cleanup efforts.

Need for continuous monitoring and long-term commitment.

Resources Required:

Garbage collection tools (gloves, bags, tongs, bins).

Support from local authorities and NGOs.

Awareness materials (posters, banners, pamphlets).

Boats and safety gear for cleaning river sections.

Media coverage to encourage wider participation.

The Puneeth Sagar Campaign is a commendable step toward environmental conservation, reinforcing the importance of collective efforts in restoring the purity of water bodies

"1000FT Flag Rally"

On 13st AUG 2022, PB Siddhartha College's NSS units, along with other associated units, organized a monumental event the 1000FT Indian Flag Rally. The rally commenced at the college and proceeded to PWD Grounds, with enthusiastic participation from numerous volunteers.

No. of NSS Volunteers Conducted - 130

Event Overview: The event aimed to instill patriotism, promote unity, and celebrate India's rich heritage. Carrying a colossal 1000-foot Indian flag, volunteers marched proudly, chanting slogans and demonstrating their commitment to the nation's values.

1. Objectives of Practices:

- **Patriotism and Unity:** To foster a sense of national pride and unity among participants and the community.
- **Community Engagement:** To involve the local community in celebrating India's heritage and promote collective participation.
- **Youth Involvement:** To encourage young people to actively partake in national celebrations and appreciate their cultural heritage.

2. The Context:

The 1000FT Indian Flag Rally is part of an initiative to commemorate India's national pride and heritage. The event sought to showcase the immense respect and love the citizens have for their country.

3. The Practice:

- **Slogan Chanting:** Volunteers chanted patriotic slogans, enhancing the spirit of nationalism and unity.
- **Cultural Display:** Conducting various cultural performances that reflect India's diverse heritage.
- **Community Involvement:** Encouraging local community members to join the rally and participate in the celebrations.

4. Evidence of Success:

- **Increased Patriotism:** The rally successfully heightened the sense of patriotism among participants and spectators.
- **Youth Participation:** The active involvement of students and youth highlighted their dedication to the nation's values.
- **Community Support:** Strong community participation demonstrated a collective appreciation for the event's objectives.

5. Feedback: The volunteers exhibited outstanding teamwork and dedication in organizing the rally. The cultural displays were well-received, and participants expressed their admiration for the initiative. The involvement of youth and the community played a pivotal role in the rally's success and the widespread dissemination of national pride.

"DUSSEHRA CAMP"

On 1st Oct 2022, P. B. Siddhartha College's NSS units organized a significant event, the Dasara special camp at Sri Kanaka Durga Temple. The camp continued until 19th Oct 2018, with enthusiastic participation from numerous volunteers.

No. of NSS Volunteers Served - 70

The event aimed to educate participants about the significance of Dussehra, promote cultural heritage, and engage the local community. Volunteers organized essential aspects of the camp, such as providing drinking water at every step of the mountain and distributing prasad given by the temple to devotees. Which is being held every year by our NSS Unit – 1.

1. Objectives of Practices:

- **Awareness and Education:** To educate the public about the significance of Dussehra and the associated rituals.
- **Community Engagement:** To involve the local community in the Dussehra celebrations and promote cultural heritage.
- **Youth Involvement:** To encourage the youth to actively participate in the cultural event and contribute to its success.

2. The Context:

The Dussehra Camp is part of an initiative to engage students in community service and cultural activities. The event seeks to educate students and the community about the cultural significance of Dussehra. Volunteers conducted various activities at Sri Kanaka Durga Temple, engaging with the local community.

3. The Practice:

- **Slogan Chanting:** Volunteers chanted impactful slogans to engage the community and promote the cultural heritage of Dussehra.
- **Organizing Essentials:** Volunteers organized every needed aspect of the camp, such as providing drinking water at every step of the mountain and distributing prasad given by the temple to devotees.

- **Educational Sessions:** Conducting sessions to educate students and the community about the history and significance of Dussehra.
- **Community Involvement:** Encouraging the local community to participate in the activities and support the celebrations.

4. Evidence of Success:

- **Increased Awareness:** The camp successfully raised awareness about the cultural significance of Dussehra among the community members.
- **Youth Participation:** Active involvement of students demonstrated their commitment to the cause and responsibility towards cultural heritage.
- **Community Support:** Strong community participation showed appreciation for the event's objectives.

5. Feedback: The volunteers exhibited outstanding teamwork and dedication in organizing the camp. The educational sessions were well-received, and participants expressed their admiration for the initiative. The involvement of youth and the community played a pivotal role in the camp's success and the dissemination of important cultural knowledge.

"Plantation Excellence: Growing a Greener Future"

Plantation from PB Siddhartha College, Vijayawada on 4th DEC 2022, with the participation of 8 volunteers.

No. of NSS Volunteers Served - 8

Planting trees is an act of profound environmental stewardship that requires dedication and sustainable practices. By adhering to eco-friendly guidelines, raising awareness, and involving the community, we can foster a greener and healthier environment. The NSS Unit – 1 played a crucial role in this plantation drive. This plantation of

1. Objectives of Practices:

- **Environmental Restoration:** To replenish green cover and combat deforestation by planting a variety of indigenous trees.
- **Community Engagement:** To involve local communities, volunteers, and organizations in tree-planting activities and environmental conservation efforts.

2. The Context: "Plantation Excellence: Growing a Greener Future" addresses the critical need for environmental restoration. With increasing urbanization and deforestation, this initiative aims to restore the balance of nature by planting trees in various locations, including schools, parks, and public spaces.

3. The Practice:

- **Tree-Planting Drives:** Organizing regular tree-planting drives to plant and nurture a diverse range of trees, ensuring their growth and survival.
- **Community Involvement:** Encouraging local communities, volunteers, and organizations to participate in tree-planting drives and conservation activities, and to support the initiative through donations and resources.

4. Evidence of Success:

- **Improved Green Cover:** Plantation drives have ensured an increase in green cover, contributing to environmental health.
- **Increased Community Support:** Active participation from local communities and volunteers has strengthened the support network for the initiative.

5. **Feedback:** The volunteers demonstrated excellent teamwork and coordination, working together seamlessly to execute the plantation drives. This collaboration is essential for tackling the challenges of environmental degradation. The volunteers and participants displayed an admirable level of dedication and commitment to the cause. Their willingness to invest time, effort, and resources is crucial for the success of the "Plantation Excellence: Growing a Greener Future" initiative.

"PLASTIC REMOVAL AT MARRY MATHA, GUNADALA"

Plastic Removal Program at Gunadala from PB Siddhartha College, Vijayawada on 02th Feb 2023, with the participation of 16 volunteers.

No. of NSS Volunteers Conducted – 16

This event is aimed to come together and extend a helping hand to the needy and destitute. It helps in cleaning up plastic waste in the marry matha church and educating the residents about plastic pollution. Our NSS Unit-I volunteers conducted this program at marry matha church, gonadala from morning 10am to 12:30 pm for this month.

1.Objectives of Practices:

- **Environmental Cleanliness:** To remove plastic waste from the marry matha church premises and create a cleaner environment.
- **Awareness and Education:** To educate the residents and volunteers about the harmful effects of plastic pollution.
- **Community Engagement:** To involve local communities and volunteers in supporting the activities of the marry Matha church and promoting a plastic-free environment.

2.The Context: Plastic waste is one of the major environmental challenges we face today. The accumulation of plastic debris poses significant threats to wildlife, ecosystems, and human health. This program aims to address the issue of plastic pollution at marry matha church, gunadala by creating a cleaner environment and raising awareness about the importance of reducing plastic use.

3.The Practice:

- **Plastic Collection:** Volunteers collected plastic waste from various parts of the ashram premises.
- **Educational Sessions:** Conducted sessions to educate the residents and volunteers about the impact of plastic pollution and the importance of reducing plastic use.
- **Community Involvement:** Encouraged local communities, volunteers, and organizations to participate in the plastic removal activities and support the mission of creating a plastic-free environment.

4.Evidence of Success:

- **Cleaner Environment:** The plastic removal efforts resulted in a significantly cleaner and healthier environment at the marry matha chruch.
- **Increased Awareness:** Educational sessions raised awareness among the residents and volunteers about the harmful effects of plastic pollution and the importance of sustainable practices.
- **Community Support:** Active participation from local communities and volunteers strengthened the support network for the chruch and promoted a collective effort towards environmental sustainability

5.Feedback: The volunteers demonstrated excellent teamwork and coordination, working together seamlessly to execute the activities. This collaboration is essential for tackling the multifaceted challenges faced by the ashram. The volunteers and participants displayed an admirable level of dedication and commitment to the cause. Their willingness to invest time, effort, and resources is crucial for the success of the initiatives at marry matha church.

Helping people at Mother Teresa Asramam (Nunna) from PB Siddhartha College, Vijayawada on 10th Feb 2023, with the participation of 17 volunteers.

No. of NSS Volunteers Served - 17

This event is aimed to come together and extend a **helping hand** to the needy and destitute. It helps the mentally disable people through making the medical covers and some crafts learnt by our NSS Unit-I volunteers at Mother Teresa Asramam, Nunna from morning 9am to 10:30 am for a month.

1. Objectives of Practices:

- **Health and Medical Assistance:** To provide basic health check-ups and medical aid to the residents.
- **Emotional and Psychological Support:** To engage with the residents, providing companionship, and addressing their emotional needs.
- **Community Engagement:** To involve local communities and volunteers in supporting the activities of the ashram.

2. The Context: Mother Teresa Asramam, Nunna is a charitable institution that provides shelter, care, and support to underprivileged individuals, including orphans, elderly, and differently-abled persons. The ashram aims to uplift the lives of its residents by offering them a safe and nurturing environment.

3. The Practice:

- **Counselling Sessions:** Providing psychological counselling and emotional support to address the mental well-being of the residents.
- **Community Involvement:** Encouraging local communities, volunteers, and organizations to participate in the ashram's activities and support its mission.

4. Evidence of Success:

- **Emotional Well-being:** Counselling sessions have positively impacted the mental health and emotional stability of the residents.
- **Increased Community Support:** Active participation from local communities and volunteers has strengthened the support network for the ashram.

5. **Feedback:** The volunteers demonstrated excellent teamwork and coordination, working together seamlessly to execute the activities. This collaboration is essential for tackling the multifaceted challenges faced by the ashram. The volunteers and participants displayed an admirable level of dedication and commitment to the cause. Their willingness to invest time, effort, and resources is crucial for the success of the initiatives at Mother Teresa Asramam.

4. Evidence of Success:

- **Emotional Well-being:** Counselling sessions have positively impacted the mental health and emotional stability of the residents.
- **Increased Community Support:** Active participation from local communities and volunteers has strengthened the support network for the ashram.

"CHALIVENDRAM"

On 27st APR 2023, NSS Unit-I of PB Siddhartha College of Arts and Science, in collaboration with the Alumni Association, launched the Chalivendram initiative. This project aimed to provide water to the people in the community.

No. of NSS Volunteers Organised - 8

Event Overview: This event was initiated to ensure that clean drinking water was available to everyone, promoting health and well-being within the community. Volunteers worked together to distribute water, emphasizing the importance of hydration and community care.

1. Objectives of Practices:

- **Awareness and Education:** To educate the public about the importance of clean drinking water and hydration.
- **Community Engagement:** To involve the local community in the initiative and promote a collective effort to ensure water availability.
- **Youth Involvement:** To encourage the youth to take an active role in community service and promoting health and well-being.

2. The Context:

The Chalivendram initiative is part of a broader effort to promote community health and well-being. The event aimed to address the need for clean drinking water and to educate the public on its importance.

3. The Practice:

- **Water Distribution:** Volunteers distributed clean drinking water to people in the community, ensuring everyone had access to hydration.
- **Educational Sessions:** Conducted sessions to educate the community about the benefits of drinking clean water and staying hydrated.
- **Community Involvement:** Encouraged the local community to participate in the initiative and support the distribution efforts.

4. Evidence of Success:

- **Increased Awareness:** The initiative successfully raised awareness about the importance of clean drinking water and hydration.
- **Youth Participation:** The active involvement of students and youth demonstrated their commitment to community service and public health.
- **Community Support:** Strong community participation showed a collective appreciation for the initiative's objectives and efforts.

5. Feedback: The volunteers exhibited outstanding teamwork and dedication in organizing the Chalivendram initiative. The educational sessions were well-received, and participants expressed their appreciation for the efforts. The involvement of youth and the community significantly contributed to the success of the initiative and the promotion of health and well-being.

This event is aimed to honour and celebrate the legacy of Jyothi Rao Pule by bringing together people from various communities. It emphasizes the importance of social reforms and highlights the contributions made by Jyothi Rao Pule towards education and equality. The celebrations included cultural programs, speeches, and community service activities conducted by volunteers. Which is held at Tumalapalli Kalakshetram, Vijayawada.

1. Objectives of Practices:

- **Educational Awareness:** To promote the significance of education and social reforms initiated by Jyothi Rao Pule.
- **Cultural Engagement:** To engage the community through cultural programs and activities that reflect the values of equality and education.
- **Community Service:** To encourage participants to actively take part in community service and support local initiatives.

2. **The Context:** Jyothi Rao Pule Jayanthi Celebrations aim to commemorate the birth anniversary of Jyothi Rao Pule, a prominent social reformer, and educator. The event seeks to inspire individuals to follow his footsteps and contribute towards social equality and education.

3. The Practice:

- **Cultural Programs:** Organizing dance, music, and drama performances that portray the life and achievements of Jyothi Rao Pule.
- **Educational Workshops:** Conducting workshops and seminars to spread awareness about the importance of education and social reforms.
- **Community Involvement:** Encouraging local communities to participate in the celebrations and contribute to community service projects.

4. Evidence of Success:

- **Increased Awareness:** Educational workshops have successfully increased awareness about the contributions of Jyothi Rao Pule.
 - **Community Participation:** Active involvement from the community and volunteers has strengthened the spirit of unity and social responsibility.
5. **Feedback:** The volunteers demonstrated remarkable enthusiasm and teamwork, ensuring the event's success. The cultural programs and educational workshops were well-received, and participants expressed their admiration for Jyothi Rao Pule's legacy. The event fostered a sense of community and inspired many to contribute towards social reforms and education.

Date: 12th JUNE 2023

"RATHA YATRA ISKCON VIJAYAWADA"

Ratha Yatra Program at Vijayawada from PB Siddhartha College, Vijayawada on 12th JUNE 2023, with the participation of 24 volunteers.

No. of NSS Volunteers Organised – 24

The event **Ratha Yatra**, also known as the Chariot Festival, is a major Hindu festival that originates from Puri in the state of Odisha, India. It is celebrated with great enthusiasm and devotion, attracting millions of devotees and tourists from all over the world. Our NSS Unit-I volunteers participated in this program at rath yatra, Vijayawada from morning 9am onwards for this month. Our volunteers participate in this event every year in different programs like rath yatra, cultural competitions and many more.

1.Objectives of Practices:

- **Devotional Expression:** The primary objective is to express devotion and reverence to Lord Jagannath, Balabhadra, and Subhadra. The chariot procession allows devotees to see and be close to their deities.
- **Spiritual Merit:** Participating in or even witnessing the Ratha Yatra is believed to bestow spiritual blessings and cleanse sins. It is considered highly auspicious.
- **Accessibility of Divinity:** The practice of taking the deities out of the temple and through the streets makes them accessible to everyone, breaking the barrier between the divine and the common people.

2.The Context: Ratha Yatra, also known as the Chariot Festival, is a grand Hindu celebration originating from Puri, Odisha, dedicated to Lord Jagannath, his brother Balabhadra, and sister Subhadra. During this vibrant festival, the deities are placed on elaborately decorated chariots and pulled through the streets by devotees, symbolizing their annual visit to their aunt's house at the Gundicha Temple. The festival fosters a sense of unity and inclusivity, as people from diverse backgrounds come together to participate.

3.The Practice:

- **Deity Procession:** Similar to the traditional Ratha Yatra in Puri, ISKCON centers around the world organize grand processions where deities of Lord Jagannath, Balabhadra, and Subhadra are placed on beautifully decorated chariots and pulled through the streets by devotees.
- **Kirtan and Bhajans:** Devotees sing and chant devotional songs (kirtan) and hymns (bhajans) as they pull the chariots. The atmosphere is filled with joyful

singing, dancing, and the sounds of traditional instruments like mridanga and kartals.

- **Cultural Programs:** The festival often includes various cultural performances such as classical dance, drama, and music that depict stories from the life of Lord Krishna and other Hindu epics.

- **community Engagement:** The festival attracts people from diverse backgrounds, promoting inclusivity and cultural exchange. For example, ISKCON Baroda's Ratha Yatra saw participation from political and social leaders, as well as members of different communities.
- **Media Attention:** The festival garners significant media coverage, helping to spread awareness about the cultural and spiritual significance of Ratha Yatra.
- **Spiritual Impact:** Devotees believe that participating in Ratha Yatra brings immense spiritual benefits, such as purification and spiritual progress

5.Feedback: The volunteers demonstrated excellent teamwork and coordination, working together seamlessly to execute the activities. This collaboration is essential for tackling the multifaceted challenges faced by the ratha yatra. The volunteers and participants displayed an admirable level of dedication and commitment to the cause. Their willingness to invest time, effort, and resources is crucial for the success of the initiatives at Ratha Yatra Iskcon Vijayawada.

"Food Distribution, Benz circle"

Helping people at Benz circle by distributing food from PB Siddhartha College, Vijayawada on 15th Aug 2023, with the participation of 7 volunteers.

No. of NSS Volunteers Conducted - 7

This event is aimed to come together and extend a helping hand to the needy and destitute. It focuses on providing nutritious food to underprivileged individuals through the coordinated efforts of our dedicated volunteers. The event will take place at Benz circle from 8:00 am to 11:00 am on 15th AUG in this month.

1.Objectives of Practices:

- **Nutritional Assistance:** To provide healthy and balanced food to individuals who lack access to adequate nutrition.
- **Hygiene and Safety:** To ensure the food is prepared and distributed following strict hygiene and safety protocols.
- **Community Engagement:** To involve local communities and volunteers in the preparation and distribution of food, fostering a sense of unity and support.

2. The Context: Benz circle is a central location where volunteers gather to prepare and distribute food to underprivileged individuals, including homeless persons, elderly, and poor families. The initiative aims to alleviate hunger and improve the overall well-being of the community members.

3.The Practice:

- **Meal Preparation:** Volunteers prepare nutritious meals in a clean and safe environment, ensuring the dietary needs of the recipients are met.
- **Distribution:** Organized teams distribute the prepared food to various locations, including shelters, streets, and community centers.
- **Community Involvement:** Encouraging local communities, volunteers, and organizations to participate in the initiative and support its mission.

4. Evidence of Success:

- **Improved Nutrition:** Recipients have reported better health and increased energy levels due to the regular provision of nutritious meals.
- **Increased Community Support:** Active participation from local communities and volunteers has strengthened the support network for the initiative.

5. Feedback: The volunteers demonstrated excellent teamwork and coordination, working together seamlessly to execute the activities. This collaboration is essential for addressing the multifaceted challenges of food insecurity. The volunteers and participants displayed an admirable level of dedication and commitment to the cause. Their willingness to invest time, effort, and resources is crucial for the success of the food distribution initiative.

"FEEDING OF STRAY COWS"

Feeding of stray cows from PB Siddhartha College, Vijayawada on 15th OCT 2023, with the participation of 15 volunteers.

No. of NSS Volunteers Served - 15

"Feeding of stray cows", is a compassionate act that requires responsible practices. By adhering to community guidelines, raising awareness, and involving the community, this can improve the well-being of these animals. NSS Unit – 1 played a crucial role in the programme of feeding stray cows. This activity is being conducted at different localities like BRTS Road, Madhura Nagar by our NSS Unit - 1 since 2022 as an occasional activity, but later our unit has started doing this activity on every Sundays with the help of the community.

1. Objectives of Practices:

- **Nutritional Support:** To ensure that stray cows receive adequate and nutritious food.
- **Community Engagement:** To involve local communities, volunteers, and organizations in supporting the activities of feeding and caring for stray cows.

2. **The Context:** "Feeding of stray cows" is an initiative focused on feeding and caring for stray cows, which often roam the streets without access to sufficient food and medical care. This initiative aims to improve the well-being of these animals while fostering a sense of responsibility and compassion among community members.

3. The Practice:

- **Feeding Drives:** Organizing occasional feeding drives to provide nutritious food to stray cows, ensuring they receive balanced diets.
- **Community Involvement:** Encouraging local communities, volunteers, and organizations to participate in the feeding drives and health camps, and to support the initiative through donations and resources.

4. Evidence of Success:

- **Better Nutrition:** Feeding drives have ensured that stray cows receive adequate nutrition, contributing to their overall well-being.
 - **Increased Community Support:** Active participation from local communities and volunteers has strengthened the support network for the initiative.
5. **Feedback:** The volunteers demonstrated excellent teamwork and coordination, working together seamlessly to execute the feeding drives and health camps. This collaboration is essential for tackling the challenges faced by stray cows. The volunteers and participants displayed an admirable level of dedication and commitment to the cause. Their willingness to invest time, effort, and resources is crucial for the success of the Feeding of stray cows' initiative.

REPORT ON NSS SPECIAL CAMP AT PATHAPADU VILLAGE

Organized by NSS, P.B.Siddhartha College of Arts and Science

The National Service Scheme (NSS) Special Camp is a unique initiative aimed at fostering social responsibility and community service among students. Organized annually, these camps provide an opportunity for NSS volunteers to engage in intensive social work, interact with rural communities, and contribute to their development.

The special camp is a seven-day residential program where volunteers stay in a selected village or community, working on various projects related to health, education, environment, and social awareness. The primary goal is to instill values of selflessness, leadership, and teamwork while addressing the pressing issues of underprivileged communities.

These camps serve as a bridge between students and society, enabling volunteers to understand rural challenges, contribute solutions, and bring about a positive change. Through activities like cleanliness drives, awareness programs, tree plantations, and educational sessions, the NSS Special Camp plays a vital role in promoting national integration, civic responsibility, and sustainable development.

1. Objectives of the Activity

The NSS (National Service Scheme) Special Camp at Pathapadu Village was organized with the following objectives:

- To promote community service and social responsibility among students.
- To create awareness about hygiene, health, and environmental sustainability.
- To engage in developmental activities such as cleanliness drives, tree plantation, and educational programs.
- To foster a sense of teamwork, leadership, and problem-solving skills among volunteers.
- To understand the challenges faced by rural communities and contribute to their upliftment.

2. The Context

Pathapadu Village was chosen as the location for the NSS Special Camp due to its need for community-driven initiatives as it is our adopted village. The village required awareness campaigns on sanitation, literacy, and health. The camp was planned to address these needs through targeted activities, workshops, and interactive sessions with villagers.

3. The Practice

The NSS volunteers engaged in a variety of activities during the camp, including:

- Cleanliness Drive: Volunteers cleaned public spaces, roads, and community areas.
- Tree Plantation: To promote environmental awareness, saplings were planted in and around the village.

- **Health and Hygiene Awareness:** Medical check-up camps were organized with the help of healthcare professionals. Awareness sessions on personal hygiene and sanitation were conducted.
- **Educational Support:** Special classes and interactive sessions were held for school children to encourage learning.
- **Women Empowerment Programs:** Workshops on self-employment, skill development, and financial literacy were conducted for women.
- **Cultural and Awareness Programs:** Street plays, rallies, and group discussions on social issues like child marriage, gender equality, and the importance of education were organized.

4. Evidence of Success

The impact of the NSS Special Camp was evident through:

- Increased awareness of cleanliness and hygiene, as seen in villagers adopting better sanitation practices.
- The successful plantation of trees, contributing to environmental conservation.
- Positive feedback from students and teachers about the educational sessions.
- Active participation of women in skill development workshops, indicating a step toward financial independence.
- A sense of fulfillment and enhanced teamwork skills among NSS volunteers.

5. Feedback

Villagers' Response: The villagers appreciated the efforts of the NSS volunteers and expressed gratitude for the awareness programs.

Student Volunteers' Experience: Volunteers found the camp enriching, as it provided them with hands-on experience in community service.

Faculty and Organizers' Review: The faculty members overseeing the camp praised the dedication of the volunteers and emphasized the importance of such initiatives in holistic education.

Future Recommendations: Suggestions were made to conduct follow-up programs for sustained impact and long-term improvement in the village.

Conclusion

The NSS Special Camp at Pathapadu Village was a resounding success, fostering a spirit of service, leadership, and awareness among students and the community. The initiative not only benefited the villagers but also provided students with invaluable life experiences.

Literacy Awareness Program by NSS, P.B. Siddhartha College

Education is a powerful tool for personal and societal development, yet illiteracy remains a major challenge in many communities. Recognizing this, the National Service Scheme (NSS) unit of P.B. Siddhartha College organized a Literacy Awareness Program to promote the importance of education among underprivileged sections of society. The initiative aimed to motivate individuals to embrace learning and enhance their quality of life through literacy.

Objectives

The primary objectives of the program were:

To spread awareness about the importance of literacy in daily life.

To encourage illiterate individuals, especially adults and school dropouts, to pursue education.

To provide basic reading and writing lessons.

To promote government literacy initiatives and free education programs.

To engage students in meaningful community service.

The Context

Despite significant advancements in education, literacy rates remain low in certain rural and urban slum areas. Many individuals, particularly women and elderly people, face challenges in accessing education due to social and economic barriers. This program was designed to address these issues by creating awareness and providing basic literacy support.

The Practice

NSS volunteers conducted door-to-door campaigns in identified underprivileged areas to assess literacy levels and interact with individuals.

Awareness sessions were organized in community centers and public spaces to highlight the benefits of literacy.

Basic literacy classes were conducted, focusing on reading, writing, and numeracy skills.

Educational booklets and materials were distributed to participants.

The team collaborated with local NGOs and education departments to connect individuals with ongoing government literacy programs.

Evidence of Success

Over 200 Children along with our volunteers actively participated in the program.

Many adult learners enrolled in government-run literacy programs after the awareness sessions.

Increased enthusiasm among school dropouts to rejoin formal education.

Positive response from local authorities and NGOs, leading to discussions on future literacy drives.

Feedback

Participants expressed gratitude and requested extended learning sessions. NSS volunteers found the experience rewarding and impactful, suggesting regular follow-up initiatives. Community leaders recommended incorporating digital literacy programs for broader outreach.

Conclusion

The Literacy Awareness Program by NSS, P.B. Siddhartha College, successfully created awareness and inspired many individuals to pursue education. The initiative not only benefited the community but also provided valuable social service experience for the volunteers. Moving forward, the NSS unit aims to continue such initiatives, ensuring sustainable literacy growth in society.

Food distribution to poor and orphans

Organized by NSS unit, P.B.Siddhartha College of Arts & Science.

1. Objectives

To provide nutritious food to the underprivileged and orphaned children.

To promote social responsibility and empathy among NSS volunteers.

To contribute to the well-being of the needy by ensuring access to essential meals.

To encourage community engagement and humanitarian service.

2. The Context

The NSS unit of our institution organized a food distribution drive as part of its commitment to serving society. Recognizing the struggles faced by the less fortunate, particularly orphans and the poor, the initiative aimed to provide nutritious meals and foster a sense of care and support. This event was aligned with NSS's core values of selfless service and community welfare.

3. The Practice

The food distribution drive was carried out in collaboration with local NGOs and community leaders. The key activities included:

Identification of underprivileged areas and orphanages in need of support.

Preparation and packaging of nutritious meals by NSS volunteers.

Systematic distribution of food among the needy, ensuring no one was left out.

Interaction with the beneficiaries to understand their needs and offer emotional support.

Encouraging more students and faculty to participate in future social service activities.

4. Evidence of Success

Successful distribution of meals to a large number of underprivileged individuals.

Active participation of NSS volunteers, reflecting their commitment to the cause.

Date: 31ST AUG 2022

NATIONAL UNITY DAY

The National Unity Day Event was conducted at Maris Stella College, Vijayawada, on 31ST AUG 2022 to celebrate the spirit of national integration, communal harmony, and unity in diversity. The event was organized to honor Sardar Vallabhbhai Patel's vision of a united India and emphasize the importance of social harmony, patriotism, and national integrity among youth. The cadets actively participated in various activities such as unity pledges, awareness rallies, and cultural programs to spread the message of togetherness.

Location: Maris Stella College, Vijayawada

Date: 22nd March 2019

Participants: 24 cadets

- 5 cadets from PB Siddhartha College
- 12 cadets from Maris Stella College
- 7 cadets from Andhra Loyola College

1. Objectives of Practices:

- Promote National Integrity – Strengthen the feeling of oneness and patriotism among students.
- Educate About Sardar Patel's Contribution – Highlight the role of Sardar Patel in uniting India post-independence.
- Foster Communal Harmony – Encourage tolerance and respect for different cultures and communities.
- Encourage Youth Participation – Inspire cadets to be active contributors to national unity.

2. The Context:

India is a diverse nation with multiple languages, religions, and cultures, and maintaining unity is essential for peace, development, and progress. National Unity Day (Rashtriya Ekta Diwas) is celebrated annually to commemorate Sardar Patel's efforts in unifying India. This event provided a platform for cadets to reflect on the importance of unity.

and national security while engaging in activities that promoted a sense of belonging and brotherhood.

3. The Practice:

- Unity Pledge Ceremony – Participants took a unity pledge to uphold the values of integrity, security, and brotherhood.
- Awareness Rally – Cadets carried banners and placards with slogans like *"United We Stand, Divided We Fall"*.
- Inspirational Talks & Documentary Screening – Speeches on Sardar Patel's role in national integration were delivered by faculty members, and a short documentary on his contributions was screened.
- Cultural Programs – Performances showcasing India's rich cultural heritage reinforced the theme of unity in diversity.
- Group Discussion on National Integration – Cadets discussed current challenges to unity and solutions to promote harmony in society.

4. Evidence of Success:

- Increased Awareness Among Students – Participants gained a better understanding of unity and national integrity.
- Enhanced Patriotism – The event instilled pride and responsibility toward maintaining unity in the nation.
- Positive Feedback from Faculty & Community – The initiative was well-received and encouraged more students to participate.
- Media Recognition – Local newspapers covered the event, helping to spread the message beyond the college campus.

5. Problems encountered and Resources required:

Problems Encountered:

- Limited Public Engagement – More community participation was needed for a broader impact.

- Time Constraints – Managing multiple activities within a single day was challenging.
- Lack of Awareness About National Unity Day – Some participants were unaware of Sardar Patel’s contributions.
- Weather Conditions – The rally was slightly affected due to hot weather.

Resources Required:

- Awareness Materials – Banners, pamphlets, and posters for public awareness.
- Audio-Visual Equipment – Projectors, microphones, and speakers for documentary screenings and speeches.
- Guest Speakers & Experts – Historians or professionals to educate participants about national unity.
- Refreshments & Logistics Support – Arrangements for participants’ comfort during rallies and activities.

National Unity Day

Emblem of Freedom

In India, **Armed Forces Flag Day** is observed on **December 7th** every year. It is dedicated to honoring and supporting the welfare of Indian military personnel, veterans, and their families.

1. Objectives of Practice:

❖ Promote Patriotism and National Pride

- Instill a sense of national identity and unity.
- Encourage citizens to respect and honor the national flag.

❖ Educate About the Flag's History and Significance

- Teach the historical background and evolution of the national flag.
- Explain the symbolism behind the colors, design, and emblem of the flag.

❖ Encourage Proper Flag Etiquette and Respect

- Educate people on how to correctly hoist, fold, and display the flag.
- Spread awareness about laws and guidelines regarding flag usage.

2. The Context:

The **context of practice on Flag Day** refers to the activities and efforts undertaken to observe, commemorate, and promote the significance of the national flag. This can include educational, cultural, and patriotic initiatives aimed at fostering national pride, awareness, and respect for the flag. The day serves as a reminder that everyone has a role to play in safeguarding the planet. It encourages **collective action and sustainable practices** to ensure a greener and healthier future for coming generations. Schools and colleges organize flag hoisting ceremonies. Competitions like essay writing, quizzes, and debates on patriotism

3. The Practice:

Flag Hoisting and Salutation

- Official ceremonies where the national flag is raised at government buildings, schools, and public places.
- Citizens stand in respect and often sing the national anthem.

Educational and Awareness Activities

- Schools and institutions conduct lessons on the history and significance of the national flag.
- Competitions such as essays, debates, and quizzes on patriotism and national symbols.

Public and Community Celebrations

- Parades and cultural performances featuring patriotic songs and dances.
- Public speeches by leaders, veterans, and historians on national pride.

4. Evidence of Success:

The **evidence of success** in practicing Flag Day can be measured through various indicators that reflect increased awareness, participation, and national pride. Higher attendance at flag-hoisting ceremonies, parades, and community events. Greater engagement in schools, workplaces, and government-led activities. Positive feedback from students and citizens on the history and significance of the flag. Improved knowledge about flag etiquette, as seen in surveys or quizzes. More social media posts, discussions, and trending hashtags related to Flag Day. Government and organizations using digital platforms to educate and engage the public.

5. Problems Encountered and Resources Required:

When organizing or practicing Flag Day, there can be various challenges that need to be addressed to ensure a successful event. Many people may not fully understand the significance of Flag Day or may not show interest in participating. Educational programs and outreach initiatives to raise awareness about the history and importance of the flag. Collaboration with schools, media, and local organizations can boost participation.

8(ANDHRA) NCC NAVAL

Date: 8th APR 2023

BLOOD DONATION CAMPAIGN

On 8th April 2023, a Blood Donation Camp was conducted at Nalanda Degree College, Vijayawada. The event witnessed the active participation of 18 cadets, including 8 cadets from **Nalanda Degree College**, 6 cadets from **PB Siddhartha College**, and 4 cadets from **KBN College**. The primary aim of the camp was to encourage blood donation and contribute to saving lives. This collaborative effort not only highlighted the importance of social responsibility but also demonstrated the spirit of community service among the participating cadets.

1. Objectives of Practice:

Raise Awareness about the Importance of Blood Donation

- Educate the community about the critical need for blood and its life-saving potential.
- Spread information about the benefits of regular blood donation for both the donors and recipients.

Increase Participation in Blood Donation

- Encourage more individuals to donate blood by organizing campaigns and making the process accessible.
- Promote a sense of social responsibility and compassion among the community members.

2. The Context:

The **context of a blood donation campaign** refers to the specific environment, setting, and circumstances in which the campaign takes place. It encompasses the factors influencing the campaign's objectives, the target audience, and the methods used to conduct the campaign. The level of awareness and acceptance of blood donation within the community. The local and national need for blood, particularly in emergency situations, surgeries, and for patients with chronic conditions like anemia or cancer. The availability of facilities for safe and hygienic donation processes, including trained professionals and equipment.

3. The Practice:

Planning and Preparation

- **Setting Objectives:** Define the campaign's goals (e.g., raising awareness, collecting a specific amount of blood, educating the community).
- **Choosing a Venue:** Select a location that is accessible, has enough space for donors, and provides privacy and comfort for the donation process (e.g., a college campus, community center, or hospital).
- **Collaboration with Health Institutions:** Partner with hospitals, blood banks, and medical professionals to manage the donation process and ensure proper storage and distribution of blood.

Awareness and Promotion

- **Community Outreach:** Promote the event through social media, posters, flyers, and word of mouth to reach as many potential donors as possible.
- **Educational Sessions:** Conduct awareness campaigns (e.g., school talks, workshops) to educate people about the importance of blood donation, the process involved, and how it helps save lives.
- **Engage Volunteers:** Mobilize volunteers, including students, local organizations, and community members, to help promote the event and assist on the day of the campaign.

Event Logistics and Setup

- **Organizing the Blood Donation Area:** Ensure the donation area is set up with the necessary equipment, such as blood collection chairs, sterile needles, blood bags, and first-aid kits.
- **Registration and Screening:** Have a registration desk to collect donor details and perform basic screening (e.g., checking hemoglobin levels, age, and medical history) to ensure donor safety.
- **Staffing:** Ensure that there are enough medical professionals (doctors, nurses, phlebotomists) to assist in the donation process and monitor the donors' health.
- **Refreshment Station:** Set up a refreshment station where donors can recover after donation by offering water, juices, and snacks to help prevent dizziness or fatigue.

4. Evidence of Success:

Evidence of success in a blood donation campaign is demonstrated through various metrics and feedback that reflect the campaign's impact, participation, and overall effectiveness. The total volume of blood donated during the campaign (e.g., litres of blood collected). Meeting or exceeding the target amount of blood set before the event. The number of individuals who showed up and donated blood. High participation rate, especially among first-time donors. A large turnout compared to previous campaigns can be an indicator of success.

5. Problems Encountered and Resources Required:

Low Turnout of Donors

- Problem: Despite efforts to promote the event, not enough people may show up to donate blood.
- Possible Causes: Lack of awareness, misunderstanding about the donation process, or fears about donating.
- Solution: Strengthen awareness campaigns, engage local influencers, and address misconceptions about blood donation before and during the event.

Health Concerns or Complications with Donors

- Problem: Some donors may experience dizziness, fainting, or other health issues during or after donation.
- Possible Causes: Donors may not be well-rested, hydrated, or prepared for the donation process.
- Solution: Provide clear instructions to donors about preparation (e.g., eating and hydrating before donation) and have medical professionals on hand to monitor donor health during and after donation.

Date: 30th NOV 2022

“AIDS AWARENESS PROGRAMME”

Aids Awareness Programme is aimed to educate the community about HIV/AIDS prevention, break the stigma surrounding the disease and promote safe practices. AIDS Awareness Programme is organized by the 17(A)BN NCC, P.B. Siddhartha College of Arts and Science, Vijayawada which brought together individuals and communities to raise awareness, promote education, and advocate for the rights and needs of people affected by HIV/AIDS.

Date: 30-11-2022 with 20 attendees present at the programme.

1. Objectives of Practices:

- ✦ Awareness & Education – To provide accurate information about HIV/AIDS, including causes, transmission, and prevention.
- ✦ Reducing Stigma & Discrimination – To address misconceptions and promote inclusivity for people living with HIV/AIDS.
- ✦ Promoting Safe Practices – To encourage safe behaviours, including the use of protection and regular health check-ups.
- ✦ Encouraging Voluntary Testing – To highlight the importance of early detection and HIV testing facilities.
- ✦ Empowering Youth – To inspire attendees to be advocates for AIDS awareness in their communities.

2. The Context:

The Awareness Programme was conducted on 30-11-2022 to provide education to the community about HIV/AIDS and its prevention, break the stigma surrounding the disease and promote safe practices. Through the display of placards and slogan given by the attendees is aimed to equip with the knowledge and responsibility to spread awareness within their communities and an awareness talk is organized to educate the communities present in the programme.

3. The Practice:

- Guest Lecture / Awareness Talk – Experts from the medical field spoke about HIV/AIDS prevention and treatment.
- Poster Presentation & Slogan Writing – attendees created posters and slogans highlighting AIDS awareness messages.
- Interactive Q&A Session – A discussion session where attendees could ask questions about HIV/AIDS.

4. Evidence of Success:

The success of **Aids Awareness Programme** is evident in the tangible progress made in awareness, education, treatment access, research, and advocacy. Although challenges remain, such as tackling HIV-related stigma and ensuring universal access to treatment, attending the Aids awareness programme has been an instrumental in advancing global efforts to combat the HIV/AIDS epidemic. This programme serves as a reminder that continued dedication, collaboration, and investment are necessary to achieve an AIDS-free future.

5. Problems encountered and Resources required

Problems Encountered:

- ✦ Limited Awareness Among Youth – Some youth lacked prior knowledge, requiring basic explanations.
- ✦ Myths & Misconceptions – Some attendees have misconceptions about HIV/AIDS that needed to be addressed.
- ✦ Time Constraints – Managing multiple activities within a limited timeframe was challenging.

Resources Required:

- ✦ Guest Speakers & Medical Experts – Professionals to educate students on HIV/AIDS.
- ✦ Awareness Materials – Posters, pamphlets, and banners with educational content.
- ✦ Audio-Visual Equipment – Projectors, microphones, and speakers for presentations.

Date: 27th NOV 2022

"BLOOD DONATION CAMP"

A blood donation camp organized by the 17(A)BN NCC, P.B Siddhartha College of Art & Science, Vijayawada is an event that highlights the spirit of service, compassion, and national duty. In this noble initiative, cadets play a crucial role in encouraging the community to donate blood, ensuring that those in need of life-saving transfusions have access to the vital resource. The camp typically takes place in schools, colleges, or community centres, where cadets coordinate with medical professionals and volunteers to ensure smooth operations.

Date of Camp: 27th Nov 2022, with 17 attendees present in the camp.

1. Objectives of Practices:

Raise Awareness about the Importance of Blood Donation

- Educate the community about the critical need for blood and its life-saving potential.
- Spread information about the benefits of regular blood donation for both the donors and recipients.

Increase Participation in Blood Donation

- Encourage more individuals to donate blood by organizing campaigns and making the process accessible.
- Promote a sense of social responsibility and compassion among the community members.

2. The Context:

The **context of a blood donation campaign** refers to the specific environment, setting, and circumstances in which the campaign takes place. It encompasses the factors influencing the campaign's objectives, the target audience, and the methods used to conduct the campaign. The level of awareness and acceptance of blood donation within the community. The local and national need for blood, particularly in emergency situations, surgeries, and for patients with chronic conditions. The availability of facilities for safe and hygienic donation processes, including trained professionals and equipment.

3. The Practice:

- **Collaboration with Hospitals and Blood Banks:** Blood donation camps are usually organized in collaboration with local hospitals, blood banks, and healthcare organizations. These partnerships ensure that the collected blood is tested, stored properly, and made available for transfusions in medical emergencies and surgeries.
- **Identification of Suitable Locations:** The success of a blood donation camp largely depends on the location. Organizers choose easily accessible, high-traffic areas like schools, colleges, corporate offices, shopping centers, or community halls. These venues attract more potential donors and help in creating awareness.
- **Scheduling and Coordination:** The timing of the camp is crucial. Blood donation camps are scheduled to accommodate donors' availability and to avoid conflicts with major holi Campaigns or events. They are typically organized in the morning or during lunchtime to encourage greater participation.

4. Evidence of Success:

- **Increased Donor Numbers:** Successful blood donation camps see an increase in the number of participants, especially in regions with growing awareness about the importance of blood donation.

The number of donors in each camp is often a key metric used to evaluate success. Regular participation and repeat donations from previous donors are also indicators of growing trust and support.

- **Diverse Donor Demographics:** Evidence of success is reflected in the increasing diversity of donors, including students, professionals, and local community members. Engaging younger generations in blood donation is particularly important, as they help maintain a sustainable blood supply in the long term.

5. Problems encountered and Resources required:

Health Concerns or Complications with Donors

- **Problem:** Some donors may experience dizziness, fainting, or other health issues during or after donation.
- **Possible Causes:** Donors may not be well-rested, hydrated, or prepared for the donation process.
- **Solution:** Provide clear instructions to donors about preparation (e.g., eating and hydrating before donation) and have medical professionals on hand to monitor donor health during and after donation.

Resources Required:

- **Medical Team:** Doctors, nurses, and paramedics to supervise and assist with the blood donation process.
- **Blood Collection Equipment:** Sterile needles, blood bags, and other equipment necessary for collecting and storing blood.
- **Medical Supplies:** Gloves, masks, antiseptic wipes, and other medical supplies to ensure a safe and hygienic environment.
- **Defibrillator and Emergency Equipment:** Equipment to handle any medical emergencies that may arise during the camp.

"PUNEET SAGAR ABHIYAN"

"Puneet Sagar Abhiyan" is a national cleanliness drive initiated by the National Cadet Corps (NCC) to clean sea shores of plastic and other waste material by raising awareness about the importance of cleanliness. Puneet Sagar Abhiyan promote the importance of keeping India's beaches, rivers, and water bodies clean. The term "Puneet Sagar" translates to "Pure Ocean," and the mission aims to create awareness about the harmful impact of plastic waste and pollution on the environment, especially in our water bodies.

Date: 25-09-2022 with 15 attendees present at cleanliness drive.

1. Objectives of Practices:

- **Objective:** To actively involve the community in cleaning beaches, shores, and nearby coastal water bodies to restore their natural beauty and health. This includes removing plastic, waste, and debris from coastal environments.
- **Practice:** Organizing regular beach clean-up drives and providing the necessary tools (gloves, bags, etc.) to volunteers for collecting waste and debris.

Coordinating with local and municipalities to create waste disposal systems, promoting better waste management practices, and seeking policy changes that support plastic-free coastal zones.

2. The Context:

- **Rising Plastic Consumption:** India's increasing consumption of single-use plastic and inadequate waste management infrastructure are major contributors to the growing pollution problem.
- **Tourism Impact:** Coastal tourism is significantly impacted by the presence of garbage and debris on beaches. It can drive tourists away and create negative perceptions of the area.
- **Urgency:** Without immediate action, the pollution will continue to grow, further harming marine ecosystems and threatening the livelihoods of people dependent on the oceans.

3. The Practice:

- **Setting Up Waste Bins and Disposal Systems:** The Abhiyan ensures the installation of waste bins along beaches and coastal areas to encourage proper disposal by residents and tourists.

These bins are regularly emptied and cleaned to avoid overflow.

- **Community Clean-Up Kits:** Communities are provided with basic clean-up kits (gloves, bins, masks) to enable them to conduct their own clean-up drives on a regular basis, even outside of organized events.
- **Collaboration with Local Government:** Engaging local authorities in building better waste management infrastructure such as trash collection points, recycling centers, and eco-friendly packaging solutions.

4. Evidence of Success:

Reduced Pollution Levels in Popular Coastal Areas

- **Cleaner Beaches:** Many of the targeted beaches and coastal regions have experienced noticeable improvements in cleanliness, with reduced levels of litter and debris. This has led to healthier marine environments and improved aesthetics of the beaches.

5. Problems encountered and Resources Required:

Problems encountered

- **Volunteers:** The success of clean-up drives relies heavily on the participation of volunteers. Engaging local communities, youth groups, and environmental organizations is essential for mobilizing people for clean-ups and awareness campaigns.
- **Skilled Workforce:** Having a skilled workforce for waste management, including waste segregation and recycling, ensures that the collected waste is properly handled.
- **Awareness Ambassadors:** Local leaders, community influencers, and environmental experts can be used as ambassadors to spread awareness about the harmful effects of plastic pollution and motivate people to participate in the campaign.

Resources Required

- **Brooms and dustpans:** For sweeping on shores and collecting dust and debris.
- **Trash bags:** For collecting and disposing of trash and recyclables.
- **Personal Protective Equipment (PPE):** Gloves, masks, and other PPE for sanitation workers.

"PUNEET SAGAR ABHIYAN"

"Puneet Sagar Abhiyan" is a national cleanliness drive initiated by the National Cadet Corps (NCC) to clean sea shores of plastic and other waste material by raising awareness about the importance of cleanliness. Puneet Sagar Abhiyan promote the importance of keeping India's beaches, rivers, and water bodies clean. The term "Puneet Sagar" translates to "Pure Ocean," and the mission aims to create awareness about the harmful impact of plastic waste and pollution on the environment, especially in our water bodies.

Date: 05-06-2022 with 10 attendees present at cleanliness drive.

1. Objectives of Practices:

Objective: To educate the public about the harmful effects of pollution, especially plastic waste, on marine life, ecosystems, and human health. It focuses on informing communities living near coastlines about the importance of keeping beaches clean.

- **Practice:** Conducting awareness programs, workshops, and campaigns in schools, colleges, and local communities to spread knowledge on pollution control and conservation.

Coordinating with local and municipalities to create waste disposal systems, promoting better waste management practices, and seeking policy changes that support plastic-free coastal zones.

2. The Context :

- **Rising Plastic Consumption:** India's increasing consumption of single-use plastic and inadequate waste management infrastructure are major contributors to the growing pollution problem.
- **Tourism Impact:** Coastal tourism is significantly impacted by the presence of garbage and debris on beaches. It can drive tourists away and create negative perceptions of the area.
- **Urgency:** Without immediate action, the pollution will continue to grow, further harming marine ecosystems and threatening the livelihoods of people dependent on the oceans.

3. The Practice:

- **Organization of Clean-Up Events:** Volunteer groups, including local communities, students, and environmental organizations, gather on designated beaches to collect plastic waste, garbage, and other pollutants.
- **Use of Proper Equipment:** Volunteers are provided with gloves, trash bags, and other essential equipment to safely collect waste.
- **Waste Segregation:** Collected waste is segregated into recyclables, non-recyclables, and hazardous waste. This helps in effective waste disposal and recycling.

4. Evidence of Success:

Reduced Pollution Levels in Popular Coastal Areas

- **Cleaner Beaches:** Many of the targeted beaches and coastal regions have experienced noticeable improvements in cleanliness, with reduced levels of litter and debris. This has led to healthier marine environments and improved aesthetics of the beaches.

A **blood donation camp** organized the 17(A)BN NCC, P.B Siddhartha College of Art & Science, Vijayawada is an event that highlights the spirit of service, compassion, and national duty. In this noble initiative, cadets play a crucial role in encouraging the community to donate blood, ensuring that those in need of life-saving transfusions have access to the vital resource. The camp typically takes place in schools, colleges, or community centres, where cadets coordinate with medical professionals and volunteers to ensure smooth operations.

Date of Camp: 04th May 2022, with 15 attendees present in the camp.

1. Objectives of Practices:

1. **Promote Awareness:** Educate the public about the importance of voluntary blood donation and the critical need for blood in healthcare systems.
2. **Increase Blood Donation:** Encourage individuals to donate blood regularly to ensure an adequate supply for hospitals, especially for emergencies, surgeries, and patients with chronic conditions.
3. **Ensure Safe Blood Supply:** Collect and test blood to ensure its safety, preventing the transmission of infections and diseases.

2. The Context:

The **context of a blood donation campaign** refers to the specific environment, setting, and circumstances in which the campaign takes place. It encompasses the factors influencing the campaign's objectives, the target audience, and the methods used to conduct the campaign. The level of awareness and acceptance of blood donation within the community. The local and national need for blood, particularly in emergency

situations, surgeries, and for patients with chronic conditions. The availability of facilities for safe and hygienic donation processes, including trained professionals and equipment.

3. The Practice:

Planning and Preparation

- **Setting Objectives:** Define the campaign's goals (e.g., raising awareness, collecting a specific amount of blood, educating the community).
- **Choosing a Venue:** Select a location that is accessible, has enough space for donors, and provides privacy and comfort for the donation process (e.g., a college campus, community center, or hospital).
- **Collaboration with Health Institutions:** Partner with hospitals, blood banks, and medical professionals to manage the donation process and ensure proper storage and distribution of blood.

4. Evidence of Success:

- **Increased Donor Numbers:** Successful blood donation camps see an increase in the number of participants, especially in regions with growing awareness about the importance of blood donation.
- The number of donors in each camp is often a key metric used to evaluate success. Regular participation and repeat donations from previous donors are also indicators of growing trust and support.
- **Diverse Donor Demographics:** Evidence of success is reflected in the increasing diversity of donors, including students, professionals, and local community members. Engaging younger generations in blood donation is particularly important, as they help maintain a sustainable blood supply in the long term.

5. Problems encountered and Resources required

Health Concerns or Complications with Donors

- Problem: Some donors may experience dizziness, fainting, or other health issues during or after donation.
- Possible Causes: Donors may not be well-rested, hydrated, or prepared for the donation process.
- Solution: Provide clear instructions to donors about preparation (e.g., eating and hydrating before donation) and have medical professionals on hand to monitor donor health during and after donation.

Resources Required:

- Medical Team: Doctors, nurses, and paramedics to supervise and assist with the blood donation process.
- Blood Collection Equipment: Sterile needles, blood bags, and other equipment necessary for collecting and storing blood.
- Medical Supplies: Gloves, masks, antiseptic wipes, and other medical supplies to ensure a safe and hygienic environment.
- Defibrillator and Emergency Equipment: Equipment to handle any medical emergencies that may arise during the camp.

“SWATCHH BHARAT ABHIYAN”

The *Swachh Bharat Abhiyan* (Clean India Mission) campaign aimed at promoting cleanliness, hygiene, and sanitation. Swachh Bharat Abhiyan is organized by the 17(A)BN NCC, P.B Siddhartha College of Art & Science, Vijayawada to educate the community and help them to understand the importance of cleanliness of their surroundings.

Date of Camp: 29th March 2022, with 15 attendees present in the campaign.

1. Objectives of Practices:

- **Create a Clean and Healthy Environment:** To create a clean and healthy environment for citizens.
- **Reduce Disease Burden:** To reduce the disease burden related to poor sanitation and hygiene.
- **Promote Economic Development:** To promote economic development through clean and attractive public spaces.

2. The Context:

Social and Economic Impact: Poor sanitation and hygiene have significant social and economic impacts for society:

- High incidence of diseases such as diarrhoea, cholera, and typhoid
- Loss of productivity and economic opportunities
- Negative impact on education and healthcare
- Inequitable access to sanitation facilities, particularly for women and marginalized communities.

3. The Practice:

- Awareness Campaigns: Organizing awareness campaigns to educate people about sanitation and hygiene.
- Community Mobilization: Mobilizing communities to take ownership of sanitation and hygiene efforts.
- Behaviour Change Communication: Promoting behaviour change communication to encourage people to use toilets and practice good hygiene.

4. Evidence of Success:

1. Achievement of Open Defecation Free (ODF) Status
2. Waste Management and Recycling Efforts
3. Public Awareness and Behavioural Change

5. Problems encountered and Resources required

Problems encountered:

- *Lack of Awareness and Behavioural Change*

Impact: The persistence of old habits leads to slower adoption of toilets and hygiene practices.

- *Inadequate Infrastructure*

Impact: Lack of proper infrastructure leads to unhygienic living conditions, improper disposal of waste, and open defecation.

Resources Required:

- Brooms and dustpans: For sweeping floors and collecting dust and debris.
- Personal Protective Equipment (PPE): Gloves, masks, and other PPE for sanitation work.
- Trash bags: For collecting and disposing of trash and recyclables.

Charity with Orphanage

Organized by NSS, P.B.Siddhartha College of Arts and Science

1. Objectives of the Activity

- To bring joy and happiness to orphaned children on Children's Day.
- To foster a sense of community and social responsibility among participants.
- To provide educational and recreational activities that contribute to children's development.
- To create a lasting bond between the institution and the orphanage.

2. The Context

Children's Day is a special occasion dedicated to celebrating childhood and recognizing the rights and well-being of children. Understanding the importance of inclusivity, the commerce department organized an outreach program to celebrate the day with children from a local orphanage. This initiative aimed to spread love, joy, and support to these children while engaging them in meaningful activities.

3. The Practice

The event was planned and executed in collaboration with faculty members, students, and volunteers. The key activities included:

- A warm welcome and an introductory session with the children.
- Fun-filled games, cultural performances, and interactive storytelling.
- Distribution of gifts, books, and essential supplies.
- A special meal shared with the children to create a family-like environment.
- A motivational talk to inspire and uplift the children.

4. Evidence of Success

- Overwhelming participation and enthusiasm from both the children and volunteers.
- Smiling faces and heartfelt expressions of gratitude from the children.
- Positive engagement in activities, reflecting their enjoyment and learning.
- Appreciation from the orphanage management for the initiative.
- Stronger collaboration between the department and the orphanage for future events.

5. Feedback

- The children expressed their joy and requested more such visits.
- The orphanage staff praised the initiative and suggested ongoing support programs.
- Volunteers found the experience fulfilling and requested regular engagement activities.
- Faculty members acknowledged the positive impact of the event on students' social awareness and empathy.

Conclusion

The Children's Day celebration with the orphanage was a heartwarming and successful initiative. It not only brought happiness to the children but also strengthened the sense of compassion and responsibility among the participants. Future collaborations and continuous support initiatives are encouraged to make a long-term impact.

Distribution of Clay Idols

Organized by: NSS, P. B. Siddhartha College of Arts & Science.

The NSS unit of P.B. Siddhartha College took a significant step towards promoting environmental sustainability by distributing eco-friendly clay idols of Lord Vinayaka during the Ganesh Chaturthi festival. Recognizing the harmful effects of Plaster of Paris (PoP) idols and chemical-based paints on water bodies and aquatic life, this initiative aimed to encourage the use of biodegradable and natural clay idols. By blending cultural traditions with ecological responsibility, the program emphasized the importance of sustainable celebrations and inspired the community to adopt environmentally friendly practices.

1. Objectives of the Activity

The primary objectives of this activity were:

To promote eco-friendly celebrations by distributing clay idols.

To spread awareness about environmental conservation and the harmful effects of Plaster of Paris (PoP) idols.

To encourage community participation in sustainable practices.

To instill social responsibility among NSS volunteers.

2. The Context

In recent years, the use of PoP idols has significantly contributed to water pollution, as they do not dissolve easily and release harmful chemicals into water bodies. Understanding the environmental concerns, NSS P. B. Siddhartha initiated the distribution of clay idols to promote sustainable celebrations. This initiative aligned with the principles of environmental conservation and the ethos of NSS, which focuses on community service and social responsibility.

3. The Practice

The activity was planned and executed by NSS volunteers, who coordinated with local artisans to procure eco-friendly clay idols.

An awareness drive was conducted to educate people about the benefits of using clay idols.

Distribution stalls were set up at various locations, including marketplaces, residential colonies, and educational institutions.

Volunteers engaged with the public, explaining the significance of using biodegradable materials in festive celebrations.

The event was widely publicized through social media and word-of-mouth campaigns to maximize outreach.

4. Evidence of Success

A significant number of clay idols were distributed, reflecting a positive response from the community.

Many individuals pledged to adopt eco-friendly practices in future celebrations.

Local authorities and environmental groups appreciated the efforts of NSS volunteers.

The initiative received media coverage, enhancing its impact and reach.

Feedback from recipients indicated increased awareness about the environmental impact of PoP idols.

5. Feedback

Many community members expressed gratitude for the initiative and showed interest in similar activities in the future.

Some suggested organizing idol-making workshops to further promote sustainable practices.

Volunteers reported a sense of fulfillment and motivation to engage in more such environmental initiatives.

Based on feedback, future activities could include collaboration with more local artisans to scale up the impact.

Conclusion

The distribution of clay idols by NSS P. B. Siddharth was a successful endeavor in promoting eco-friendly celebrations. The enthusiastic participation of volunteers and the positive community response reaffirmed the importance of sustainable practices. Moving forward, similar initiatives can be undertaken to create a lasting environmental impact.

MahaSwachhathaAbhiyan

The MahaSwachhathaAbhiyan was a 15-day cleanliness drive organized at Bandar Road, Vijayawada, as part of the Swachh Bharat Abhiyan initiative. The event aimed to promote cleanliness, environmental awareness, and waste management in public areas. Cadets actively participated in street cleaning, waste segregation, awareness campaigns, and beautification efforts to encourage a cleaner and healthier environment.

Location: Bandar Road, Vijayawada

Date: 1st June 2018 – 15th June 2018

Participants: 44 cadets

- 12 cadets from PB Siddhartha College
- 24 cadets from Maris Stella College
- 8 cadets from Andhra Loyola College

1. Objectives of Practices:

- Promote Cleanliness & Hygiene – To spread awareness about the importance of maintaining clean surroundings.
- Environmental Responsibility – To educate citizens on waste segregation, recycling, and sustainable practices.
- Public Engagement – To involve the local community in cleanliness activities and inspire long-term efforts.
- Health & Hygiene Awareness – To highlight the impact of sanitation on public health.
- Teamwork & Leadership – To develop organizational, leadership, and team coordination skills among cadets.

2. The Context:

Bandar Road, being a bustling commercial area in Vijayawada, faces significant waste disposal issues due to high foot traffic. The event aimed to address littering, improper waste management, and unhygienic conditions by conducting cleaning drives, awareness campaigns, and engaging shopkeepers and residents in maintaining cleanliness.

3. The Practice:

- Street Cleaning & Waste Collection – Cadets removed litter and cleaned roads, sidewalks, and public spaces.
- Public Awareness Campaigns – Volunteers educated people about proper waste disposal, the importance of cleanliness, and sanitation benefits.
- Beautification Efforts – Cadets planted saplings and repainted walls to enhance public spaces.
- Waste Segregation Drive – Citizens were guided on separating dry and wet waste for effective disposal.
- Rally & Slogan Writing – A street march with banners, slogans, and placards motivated the public to keep the area clean.

4. Evidence of Success:

- Visible Cleanliness Improvement – Streets were cleaner, and waste disposal practices improved.
- Public Participation – Residents and shopkeepers joined hands in cleanliness efforts.
- Increased Awareness – More citizens started following waste segregation and reduced littering.
- Recognition & Media Coverage – The event was covered by local newspapers and acknowledged by authorities.
- Sustainable Impact – Some areas remained cleaner even after the campaign, showing behavioral change.

5. Problems encountered and Resources required:

Problems Encountered:

- ☐ Lack of Initial Public Support – Some citizens were reluctant to participate initially.
- ☐ Waste Accumulation Challenges – Large amounts of garbage required proper disposal coordination.
- ☐ Weather Conditions – Rain on some days disrupted cleaning activities.
- ☐ Limited Cleaning Equipment – More brooms, gloves, and dustbins were needed.

Resources Required:

- ☐ Cleaning Equipment – Brooms, gloves, garbage bags, disinfectants, and dustbins.
- ☐ Awareness Materials – Posters, banners, and pamphlets for educating the public.
- ☐ Transportation & Logistics – Vehicles for garbage collection and disposal.
- ☐ Financial Support & Sponsorships – Funding for cleaning materials and awareness drives

World AIDS Awareness Program

On 1st December 2021, VR Siddhartha College organized an AIDS Awareness Program to mark **World AIDS Day**. The event aimed to educate students about HIV/AIDS prevention, break the stigma surrounding the disease, and promote safe practices. A total of **20 cadets** participated in the event, including 09 cadets from Maris Stella College, 07 cadets from Andhra Loyola College, and 04 cadets from PB Siddhartha College.

1. Objectives of Practices:

- Awareness & Education – To provide accurate information about HIV/AIDS, including causes, transmission, and prevention.
- Reducing Stigma & Discrimination – To address misconceptions and promote inclusivity for people living with HIV/AIDS.
- Promoting Safe Practices – To encourage safe behaviors, including the use of protection and regular health checkups.
- Encouraging Voluntary Testing – To highlight the importance of early detection and HIV testing facilities.
- Empowering Youth – To inspire students to be advocates for AIDS awareness in their communities.

2. The Context:

The event was conducted on **World AIDS Day (1st December 2021)**, a globally recognized day dedicated to spreading awareness about HIV/AIDS. Given the rising need for informed discussions about health and social issues, the program aimed to equip students with the knowledge and responsibility to spread awareness within their communities.

3. The Practice:

- Guest Lecture & Awareness Talk – Experts from the medical field spoke about HIV/AIDS prevention and treatment.
- Poster Presentation & Slogan Writing – Students created posters and slogans highlighting AIDS awareness messages.
- Interactive Q&A Session – A discussion session where students could ask questions about HIV/AIDS.

- Street Play & Role Plays – Cadets performed street plays demonstrating myths vs. facts about AIDS.

4. Evidence of Success:

Participants demonstrated a better understanding of HIV/AIDS prevention and misconceptions. High participation in interactive sessions and poster presentations. Attendees appreciated the informative and interactive approach of the event. Students pledged to spread awareness about HIV/AIDS in their social circles. The event was documented in college newsletters and shared on social media.

5. Problems encountered and Resources required:

Problems Encountered:

- Limited Awareness Among Students – Some students lacked prior knowledge, requiring basic explanations.
- Myths & Misconceptions – Some attendees held misconceptions about HIV/AIDS that needed to be addressed.
- Time Constraints – Managing multiple activities within a limited timeframe was challenging.

Resources Required:

- Guest Speakers & Medical Experts – Professionals to educate students on HIV/AIDS.
- Awareness Materials – Posters, pamphlets, and banners with educational content.
- Audio-Visual Equipment – Projectors, microphones, and speakers for presentations.

Date: 03th Nov 2021

GANGA UTSAV

The National Mission for Clean Ganga (NMCG) celebrated Ganga Utsav 2021 - The River Festival from November 1-3, 2021. Part of the Azadi Ka Amrit Mahotsav commemorating 75 years of Indian independence, the event spanned 150 districts across the country, engaging diverse communities to honour India's rivers.

The Utsav featured activities at central, state, and district levels, both physically and virtually. Its main objectives were to celebrate India's rivers, raise awareness about river rejuvenation, and encourage public participation, reflecting Prime Minister Narendra Modi's vision for sustainable river management.

Ganga Utsav is organized by the 17(A)BN NCC, P.B. Siddhartha College of Arts and Science, Vijayawada is a vibrant celebration dedicated to the sacred river Ganga, its cultural significance, and the need for environmental conservation. A rally is conducted with the placards displaying the heritage of river ganga and the importance of other rivers for the livelihood and also a guest lecture is organized to educated the importance of river ganga and others rivers emphasising the river rejuvenation, and encourage public participation, reflecting Prime Minister Narendra

Modi's vision for sustainable river management.

Date: 03-11-2021 with 13 attendees present at rally and guest lecture.

1. Objectives of Practices:

To educate people about the cultural and ecological significance of the Ganga River. This includes the river's role in supporting livelihoods, agriculture, biodiversity, and providing water to millions of people.

Practice: cultural events, Rally and Seminars are organized to discuss the river's history, mythology, and vital role in the lives of the people.

2. The Context:

- **Sacred River:** The Ganges is considered the holiest river, believed to have descended from the heavens to Earth to purify and cleanse the souls of people. It is personified as the goddess **Ganga**, and millions of people visit its banks to bathe in its waters, believing it will purify them of their sins.
- **Cultural Heritage:** The Ganges has shaped India's cultural landscape for centuries, influencing religious rituals, practices, art, literature, and local traditions. Many ancient temples, ghats (steps leading down to the river), and historical landmarks line its course, serving as places for spiritual reflection and community activities.
- **Livelihoods:** The Ganges is a lifeline for millions who live along its banks, providing water for drinking, irrigation, and industrial use. Its floodplains have supported agriculture, while its waters are also vital for fishing and other traditional livelihoods.

3. The Practice:

- a. **Promote Cultural Heritage:** To promote the cultural significance and importance of the Ganges River in Indian heritage.
- b. **Raise Environmental Awareness:** To raise awareness about the importance of conserving the Ganges River and its tributaries.
- c. **Encourage Community Participation:** To encourage community participation and engagement in Ganga Utsav celebrations and conservation efforts.
- d. **Foster National Pride:** To foster national pride and unity by celebrating the cultural and environmental significance of the Ganges River.
- e. **Support Conservation Efforts:** To support conservation efforts and initiatives aimed at protecting the Ganges River and its ecosystems.

4. Evidence of Success:

The involvement of local communities, environmental groups, and pilgrims in the activities during the festival reflects a heightened sense of awareness and responsibility toward the Ganges' and other rivers preservation.

Success Indicator:

- Significant participation in cleaning drives, eco-friendly rituals, and educational talks.
- Widespread use of social media campaigns to spread messages about reducing plastic usage, promoting eco-friendly materials, and protecting the river.

5. Problems encountered and Resources required:

Problem Encountered:

- Despite efforts to clean the river and its surroundings, the pollution levels in the Ganges remain high. Religious offerings, plastics, and other waste continue to be dumped into the river, especially during large gatherings and rituals associated with Ganga Utsav.

Contributing Factors: Lack of proper waste disposal systems, public ignorance about ecofriendly alternatives, and an overwhelming amount of waste generated during the festival contribute to the pollution.

Resources Required:

- **Infrastructure for Waste Management:** Establishment of permanent and temporary waste collection and recycling centres near key ghats and riverbanks.
- **Public Education:** Campaigns and workshops to educate people about reducing plastic use and choosing eco-friendly materials for rituals.

Date: 20th Oct 2021

CLEANING MAHILA MANDAL AND SCHOOL BUILDINGS

As part of their commitment to community service and preserving national heritage, NCC cadets took part in a statue cleaning drive, aimed at maintaining the dignity and beauty of historical monuments and statues. 'Cleaning Mahila Mandal & School Building' done by 17(A)BN NCC cadets of "P.B Siddhartha College Of Art & Science" Vijayawada. On 20th Oct 2021, with the participation of 15 cadets.

Date of Camp: 20th Oct 2021, with 15 attendees present in the service.

1. Objectives of Practices:

- **Maintain a Healthy Environment:** Provide a clean and hygienic environment for students, teachers, and community members to prevent the spread of diseases.
- **Ensure Safety:** Identify and mitigate potential safety hazards, such as slippery floors or broken furniture, to prevent accidents and injuries.
- **Promote Learning and Productivity:** Create a clean and organized environment that fosters learning, concentration, and productivity.
- **Foster Community Pride:** Encourage community members to take ownership of Mahila Mandal and school buildings by promoting cleanliness and maintenance.
- **Support Physical and Mental Well-being:** Provide a clean and comfortable environment that supports the physical and mental well-being of students, teachers, and community members.
- **Protect Infrastructure and Assets:** Regular cleaning and maintenance help prevent damage to buildings, furniture, and equipment, reducing maintenance costs and extending their lifespan.

2. The Context:

Cleaning Mahila Mandal and school buildings is crucial for maintaining a healthy environment, free from dirt, dust, and diseases.

- Safety: Clean buildings ensure the safety of occupants, preventing accidents and injuries caused by slippery floors, broken furniture, or electrical hazards.
- Productivity: A clean environment boosts productivity, concentration, and overall well-being of students, teachers, and community members.
- Respect and Pride: Clean buildings demonstrate respect for the community, students, and teachers, fostering a sense of pride and ownership.

3. The Practice:

1. Sweeping and Mopping: Regularly sweep and mop floors to remove dirt, dust, and debris.
2. Dusting and Polishing: Dust and polish furniture, fixtures, and equipment to maintain a clean and hygienic environment.
3. Cleaning Toilets and Bathrooms: Clean toilets, bathrooms, and other sanitary facilities regularly to maintain hygiene and prevent the spread of diseases.
4. Waste Management: Ensure proper waste disposal and recycling practices are followed.
5. Deep Cleaning of Classrooms: Deep clean classrooms, including desks, chairs, and other furniture, to maintain a clean and hygienic learning environment.
6. Cleaning of Common Areas: Clean common areas, such as corridors, staircases, and lobbies, to maintain a clean and welcoming environment.
7. Sanitizing of High-Touch Areas: Sanitize high-touch areas, such as doorknobs, light switches, and handrails, to prevent the spread of diseases.

4. Evidence of Success:

- **Clean and tidy classrooms:** Observations of clean and organized classrooms, with dustfree furniture and floors.
- **Well-maintained toilets and bathrooms:** Clean and hygienic toilets and bathrooms, with proper waste disposal and sanitation facilities.
- **Clean and safe playgrounds:** Well-maintained playgrounds, free from debris and hazards, providing a safe environment for children to play.

5. Problems encountered and Resources required:

- 1. Insufficient funding:** Limited budget for cleaning supplies, equipment, and personnel.
- 2. Lack of cleaning personnel:** Inadequate number of cleaning staff to maintain the buildings.
- 3. Inadequate cleaning equipment:** Outdated or insufficient cleaning equipment, making it difficult to maintain the buildings.
- 4. Poor waste management:** Inadequate waste disposal facilities, leading to overflowing trash and unsanitary conditions.
- 5. Difficulty in maintaining large areas:** Challenges in cleaning and maintaining large areas, such as playgrounds and corridors.
- 6. Limited access to cleaning supplies:** Difficulty in procuring cleaning supplies, especially in rural areas.
- 7. Lack of awareness about cleaning practices:** Limited knowledge about proper cleaning practices and hygiene protocols.

Resources required

- **Cleaning Staff:** Trained and equipped cleaning personnel to carry out daily and deep cleaning activities.
- **Supervisors:** Experienced supervisors to oversee cleaning operations, ensure quality control, and address concerns.
- **Volunteers:** Volunteers from the community, Mahila Mandal, or school to support cleaning efforts and promote ownership.
- **Cleaning Equipment:** Brooms, mops and other necessary equipment for cleaning.
- **Waste Management Equipment:** Bins, bags, and other waste management equipment to ensure proper disposal of waste.
- **Personal Protective Equipment (PPE):** Gloves, masks, and other PPE to ensure the safety of cleaning staff.

CLEANING OF HISTORICAL MONUMENTS AND HERITAGE SITE

As part of their commitment to community service and preserving national heritage, 17(A)BN NCC, P.B Siddhartha College of Art & Science, Vijayawada organised statue cleaning drive, aimed at maintaining the dignity and beauty of historical monuments and statues.

Date of Camp: 14th Oct 2021, with 15 attendees present in the service.

1. Objectives of Practices:

1. Preservation of Heritage: To preserve and protect historical monuments and heritage sites for future generations.
2. Conservation of Art and Architecture: To conserve and restore the original artistic and architectural value of the monuments.
3. Protection from Environmental Factors: To protect the monuments from environmental factors such as pollution, weathering, and erosion.
4. Restoration of Original Appearance: To restore the original appearance and beauty of the monuments.
5. Enhancement of Visual Appeal: To enhance the visual appeal and attractiveness of the monuments.
6. Promotion of Cultural Significance: To promote the cultural significance and importance of the monuments.

2. The Context:

Historical Significance: Historical monuments and heritage sites are a testament to the rich cultural, architectural, and historical heritage of a nation.

3. The Practice:

1. **Removal of Debris:** Remove debris, such as dirt, grime, and vegetation, from the monument or site using hand tools or specialized equipment.
2. **Desalination and Consolidation:** Use desalination and consolidation techniques to remove salts and stabilize the monument or site.
3. **Education and Training:** Provide education and training programs for local communities and stakeholders on the importance of preserving historical monuments and heritage sites.

4. Evidence of Success:

The cleaning and preservation of historical monuments as part of heritage conservation efforts have shown significant positive outcomes in terms of both physical restoration and cultural awareness. Here are some key pieces of evidence of success in cleaning historical monuments:

Improved Aesthetic Appearance

- **Evidence:** After cleaning and restoration efforts, the monuments often exhibit a more pristine and visually appealing appearance.
- **Impact:** The visually restored monuments become more inviting to tourists, boosting the tourism industry while also preserving the artistic and architectural integrity of the structure.

5. Problems encountered and Resources required:

Problems encountered:

Environmental and Atmospheric Pollution

- **Problem:** Air pollution, industrial pollutants often damage historical monuments, causing discoloration, erosion, and the degradation of materials like stone and marble.
- **Impact:** Pollution makes it harder to clean monuments effectively and can even lead to irreversible damage if not addressed properly.
- **Solution:** Specialized cleaning methods that account for the environmental conditions around the monument need to be used. Protective coatings and pollution control measures may also be necessary.

Resources required:

- **Brooms and dustpans:** For sweeping floors and collecting dust and debris.
- **Mops and buckets:** For cleaning floors with a cleaning solution.
- **Cleaning solutions:** Disinfectants, detergents, and etc.,
- **Scrubbers and sponges:** For cleaning stubborn stains and grout.
- **Trash bags:** For collecting and disposing of trash and recyclables.

17(A)BN NCC

Date: 06th Oct 2021

CLEANING OF STATUES

As part of their commitment to community service and preserving national heritage, NCC cadets took part in a statue cleaning drive, aimed at maintaining the dignity and beauty of historical monuments and statues.

‘Cleaning Of Statues’ done by 17(A)BN NCC cadet’s of “P.B Siddhartha College Of Art & Science” Vijayawada at Madhu Kalyana Mandapam Circle.

Date of Camp: 06th Oct 2021, with 11 attendees present in the service.

1. Objectives of Practices:

- Preservation of Materials: Statues, especially those made of stone, metal, wood, or clay, are susceptible to environmental wear and tear. Cleaning helps preserve the integrity of the material by removing dirt, dust, pollutants, or corrosive substances that may cause degradation over time.
- Enhancement of Aesthetic Appeal: Regular cleaning ensures that statues retain their visual beauty. This is particularly important for public monuments or artistic statues where appearance is central to the experience of the piece.
- Cultural or Religious Significance: For statues with religious or cultural meaning, cleaning may be part of a ritual or tradition. For example, in some cultures, cleaning statues is a way of honoring deities, ancestors, or symbols of the past, maintaining their sacredness and respect.

2. The Context:

Statues are an integral part of our cultural and historical heritage, reflecting the art, values, and beliefs of past civilizations. However, over time, these statues can deteriorate due to exposure to environmental factors, human activities, and natural disasters

- Need for Conservation

To preserve these cultural treasures, regular cleaning and conservation efforts are necessary. This involves removing dirt, grime, and other substances that can damage the statues, as well as protecting them from further deterioration.

- Importance of Community Involvement

Community involvement is crucial in preserving cultural heritage. By engaging local communities in the cleaning and conservation of statues, we can raise awareness about the importance of preserving our cultural heritage and promote a sense of ownership and responsibility.

3. The Practice:

Cleaning statues, especially those made of stone, metal, or other materials, is a delicate practice that requires care to preserve their integrity and appearance. The process can vary depending on the type of statue and the material it's made from. Here's a general overview of the practice of cleaning statues:

1. Assess the Material
2. General Cleaning Techniques
3. Restoring Shine or Patina (for Metals)
4. Cleaning Stone Statues
5. Dealing with Mold or Mildew
6. Repair and Conservation (for Fragile Statues)

In some cultures, statues—particularly religious ones—are cleaned with ritual or ceremonial practices. This practice is symbolic and meant to honor the divine image, ensuring the statue remains sacred.

4. Evidence of Success:

There are several documented methods and success stories regarding the cleaning and restoration of statues, particularly those made of stone, metal, or bronze. Evidence of success comes from both scientific studies and real-world applications. Some key examples include:

Improved Aesthetic Appearance

- **Evidence:** After cleaning and restoration efforts, the statues often exhibit a more pristine and visually appealing appearance.
- **Impact:** The visually restored monuments become more inviting to tourists, boosting the tourism industry while also preserving the artistic and architectural integrity of the structure.

5. Problems encountered and Resources required:

1. **Damage to the Statue:** Risk of damaging the statue during the cleaning process, especially if the materials used are too harsh or abrasive.
2. **Lack of Expertise:** Insufficient knowledge or expertise in conservation and restoration techniques, which can lead to ineffective or damaging cleaning methods.
3. **Limited Access:** Difficulty accessing the statue, especially if it is located in a hard-to-reach area or is surrounded by obstacles.
4. **Weather Conditions:** Inclement weather, such as rain or extreme temperatures, can hinder the cleaning process or damage the statue.

5. Vandalism or Theft: Risk of vandalism or theft of the statue or its components during the cleaning process.

“NO TOBACCO AWARENESS CAMPAIGN”

No Tobacco Awareness Campaign was observed by NCC cadets all over India and other interested youth with great enthusiasm by taking pledge say no to tobacco in a seminar conducted online due to covid -19 restrictions. They actively participated in spreading the message of a tobacco-free world and encouraging healthy lifestyles among the youth.

Date: 31-05-2021 with 22 attendees attended in a seminar through online, related to “World no Tobacco Campaign”

1. Objectives of Practices:

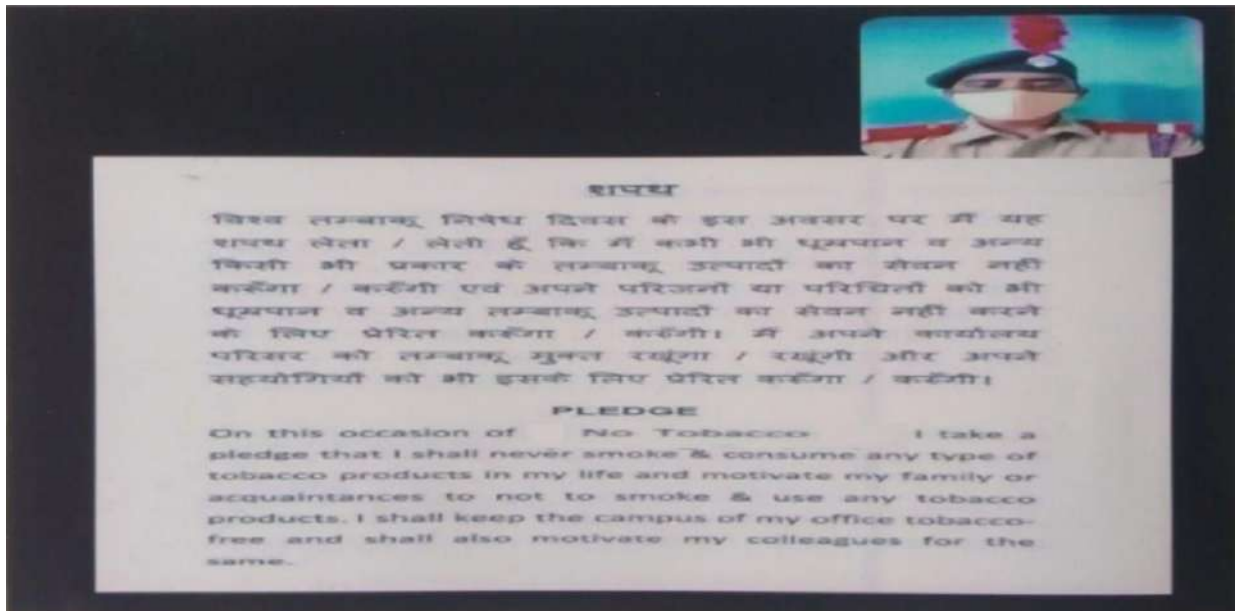

1. Raising Awareness – Educate the community on the harmful effects of tobacco use on health, the environment, and society.
2. Preventing Youth Initiation – Discourage young people from starting tobacco use through awareness campaigns and educational programs.
3. Highlighting Industry Tactics – Expose and counter deceptive marketing tactics used by the tobacco industry to attract consumers.

2. The Context:

Tobacco consumption remains a major public health concern in India, leading to diseases like lung cancer, heart disease, and respiratory disorders. Many individuals, especially youth, fall into the habit due to peer pressure, lack of awareness, or addiction. This event was designed to educate students and the local community on the risks of tobacco use and to inspire them to lead a healthier, smoke-free life.

3. The Practice

- Guest Lecture by Health Experts – A doctor from the Public Health Department gave a session on tobacco-related diseases and quitting strategies.
- Skits – Cadets performed dramas portraying the impact of tobacco on families and individuals.
- Pledge for Tobacco-Free Life – Participants took an oath to never consume tobacco and to spread awareness.

4. Evidence of Success:

1. Increased Awareness – attendees learned about tobacco-related health risks.
2. Positive Feedback from attendees – The event was appreciated by the attending community, encouraging future initiatives.

5. Problems encountered and Resources required:

Problems encountered:

- Attendees, especially younger individuals, may not fully understand the health risks of tobacco use, making it difficult to effectively communicate the message.
- A lack of clarity or consistency in the messaging or approach can confuse the audience, reducing the effectiveness of the campaign.
- Tobacco users, especially those who have been smoking for years, might be resistant to quitting or accepting the health risks, making it challenging to change their behaviour.

Resources Required:

- Educational Materials – Flyers and short videos on tobacco-related diseases and quitting methods.

- Support from Healthcare Experts – Doctors and counsellors to guide and counsel individuals on quitting tobacco.
- Financial Sponsorships – Funding for awareness materials, logistics, and outreach programs.

8(ANDHRA) NCC NAVAL

Date: 11th Dec 2019

National Cadet Corps Community Service Day

On 11th December 2019, an NCC Seva Day Event was organized at Benz Circle, Vijayawada, as part of a social service initiative. A total of 23 cadets participated, including 12 from PB Siddhartha College, 4 from Maris Stella College, and 7 from Andhra Loyola College. The event focused on donating food packets to old age homes, aiming to support and care for elderly individuals.

1. Objectives of Practices:

- Promote Social Responsibility – To encourage students to engage in meaningful community service.
- Support for the Elderly – To provide nutritious food and emotional support to elderly individuals in old age homes.
- Nurture Empathy and Compassion – To develop a sense of care and respect for senior citizens.
- Encourage Volunteerism – To instill the spirit of selfless service in NCC cadets.
- Strengthen Community Bonds – To create a connection between youth and elderly members of society.

2. The Context:

The event was planned as part of NCC's **commitment to social service and community engagement**. Many elderly individuals in old age homes lack family support and often face food insecurity. By organizing a **food donation drive**, cadets aimed to bring comfort and joy to them while reinforcing the values of kindness and service.

3. The Practice:

- Food Packet Distribution – Cadets prepared and distributed nutritious food packets to residents of an old age home.
- Interaction with Elderly Residents – Cadets spent time listening to the experiences and stories of the elderly, offering companionship.
- Motivational Talk – A small session was conducted to highlight the importance of caring for the elderly and community service.
- Hygiene Awareness – Basic hygiene tips were shared with old age home residents to promote health and cleanliness.

4. Evidence of Success:

- Happiness Among Elderly Residents – The event brought smiles and emotional warmth to senior citizens.
- Gratitude & Positive Feedback – The old age home management and residents expressed deep appreciation.
- Increased Awareness Among Cadets – Participants gained a stronger sense of empathy and social responsibility.
- Strengthened Teamwork & Leadership – The cadets effectively organized and executed the event.
- Media & Social Acknowledgment – The initiative was appreciated and covered in local college reports.

5. Problems encountered and Resources required:

Problems Encountered:

- Limited Food Supply – More food packets were needed to serve all residents adequately.
- Transportation Issues – Carrying food packets from preparation sites to the old age home required coordination.
- Time Constraints – Managing both college schedules and the event within a limited time frame was challenging.
- Emotional Sensitivity – Some cadets found it emotionally difficult to see the struggles of the elderly.

Resources Required:

- Food Supplies & Packaging Materials – Rice, vegetables, disposable plates, and food containers.
- Transportation Support – Vehicles for carrying food packets to the old age home.
- Financial Support & Sponsorships – To arrange for better food quality and quantity.
- Volunteers & Coordinators – More participants to expand the reach of the initiative.

"Open Defecation Free (ODF) Campaign"

The Open Defecation Free (ODF) Campaign was conducted on 22nd December 2019 at P.B. Siddhartha College, Vijayawada, as part of the Swachh Bharat Abhiyan initiative. The event aimed to promote awareness about sanitation, hygiene, and the importance of ending open defecation practices in local communities. Through rallies, awareness drives, and interactive sessions, cadets educated people about the need for toilets, clean surroundings, and proper waste disposal.

Location: P.B. Siddhartha College, Vijayawada

Date: 22nd December 2019

Participants: 23 cadets

- 11 cadets from PB Siddhartha College
- 12 cadets from Maris Stella College

1. Objectives of Practices:

- Raise Awareness on Sanitation – Educate people about the health hazards of open defecation.
- Encourage Toilet Construction & Usage – Promote the construction and proper use of toilets in households.
- Promote Hygiene & Cleanliness – Emphasize handwashing, waste disposal, and other hygiene practices.
- Support Government Initiatives – Align with the goals of Swachh Bharat Abhiyan for a cleaner India.

2. The Context:

Despite various cleanliness initiatives, open defecation remained a challenge in some areas, causing health risks such as waterborne diseases, pollution, and environmental degradation. This campaign was organized to educate and encourage people to adopt proper sanitation practices and contribute to an ODF society.

3. The Practice:

- Awareness Rally – Cadets carried banners and placards with slogans like *"Use Toilets, Stay Healthy"*, *"Sanitation is Dignity"*, and *"Clean India, Healthy India"*.
- Door-to-Door Campaign – Cadets interacted with locals, explaining the need for toilets and hygiene.
- Interactive Sessions & Street Plays – Skits and discussions highlighted the dangers of open defecation and the benefits of proper sanitation.
- Handwashing Demonstration – Cadets demonstrated proper handwashing techniques to prevent infections.

4. Evidence of Success:

- Increased Awareness – Many local residents expressed interest in building toilets in their homes.
- Positive Response from Authorities – The campaign was recognized as a valuable community service effort.
- Media Coverage – The event was featured in local newspapers and college reports.
- Student Engagement – Cadets developed leadership and teamwork skills while working on social issues.

5. Problems encountered and Resources required:

Problems Encountered:

- Resistance to Change – Some people were hesitant to accept the importance of toilet use.
- Lack of Infrastructure – Certain areas lacked proper sanitation facilities.
- Financial Constraints – Families without resources struggled to build toilets.
- Need for Continued Awareness – A single event was not enough; sustained efforts were needed.
- Weather Conditions – Hot weather made outdoor activities and rallies challenging.

Resources Required:

- Educational Materials – Posters, pamphlets, and banners for awareness campaigns.
- Hygiene Kits – Soap, hand sanitizers, and masks for demonstrations and distributions.
- Financial Support & Government Collaboration – Funds for toilet construction programs.

- Public Address System – Loudspeakers and microphones for rallies and awareness sessions.
- Follow-Up Initiatives – Continued efforts to ensure long-term impact and behavioral change.

Date: 22th Nov 2020

"BLOOD DONATION CAMP"

A blood donation camp organized by the 17(A)BN NCC, P.B Siddhartha College of Art & Science, Vijayawada is an event that highlights the spirit of service, compassion, and national duty. In this noble initiative, cadets play a crucial role in encouraging the community to donate blood, ensuring that those in need of life-saving transfusions have access to the vital resource. The camp typically takes place in schools, colleges, or community centres, where cadets coordinate with medical professionals and volunteers to ensure smooth operations.

Date of Camp: 22th Nov 2020, with 15 attendees present in the camp.

1. Objectives of Practices:

Raise Awareness About the Importance of Blood Donation

- Educate the community about the critical need for blood and its life-saving potential.
- Spread information about the benefits of regular blood donation for both the donors and recipients.

Increase Participation in Blood Donation

- Encourage more individuals to donate blood by organizing campaigns and making the process accessible.
- Promote a sense of social responsibility and compassion among the community members.

2. The Context:

The **context of a blood donation campaign** refers to the specific environment, setting, and circumstances in which the campaign takes place. It encompasses the factors

influencing the campaign's objectives, the target audience, and the methods used to conduct the campaign. The level of awareness and acceptance of blood donation within the community. The local and national need for blood, particularly in emergency situations, surgeries, and for patients with chronic conditions. The availability of facilities for safe and hygienic donation processes, including trained professionals and equipment.

3. The Practice:

- a Collaboration with Hospitals and Blood Banks:** Blood donation camps are usually organized in collaboration with local hospitals, blood banks, and healthcare organizations. These partnerships ensure that the collected blood is tested, stored properly, and made available for transfusions in medical emergencies and surgeries.
- b Identification of Suitable Locations:** The success of a blood donation camp largely depends on the location. Organizers choose easily accessible, high-traffic areas like schools, colleges, corporate offices, shopping centres, or community halls. These venues attract more potential donors and help in creating awareness.
- c Scheduling and Coordination:** The timing of the camp is crucial. Blood donation camps are scheduled to accommodate donors' availability and to avoid conflicts with major holi Campaigns or events. They are typically organized in the morning or during lunchtime to encourage greater participation.

4. Evidence of Success:

- **Increased Donor Numbers:** Successful blood donation camps see an increase in the number of participants, especially in regions with growing awareness about the importance of blood donation.

The number of donors in each camp is often a key metric used to evaluate success. Regular participation and repeat donations from previous donors are also indicators of growing trust and support.

- **Diverse Donor Demographics:** Evidence of success is reflected in the increasing diversity of donors, including students, professionals, and local community members. Engaging younger generations in blood donation is particularly important, as they help maintain a sustainable blood supply in the long term.

5. Problems encountered and Resources required

Health Concerns or Complications with Donors

- **Problem:** Some donors may experience dizziness, fainting, or other health issues during or after donation.
- **Possible Causes:** Donors may not be well-rested, hydrated, or prepared for the donation process.
- **Solution:** Provide clear instructions to donors about preparation (e.g., eating and hydrating before donation) and have medical professionals on hand to monitor donor health during and after donation.

Resources Required:

- **Medical Team:** Doctors, nurses, and paramedics to supervise and assist with the blood donation process.
- **Blood Collection Equipment:** Sterile needles, blood bags, and other equipment necessary for collecting and storing blood.
- **Medical Supplies:** Gloves, masks, antiseptic wipes, and other medical supplies to ensure a safe and hygienic environment.
- **Defibrillator and Emergency Equipment:** Equipment to handle any medical emergencies that may arise during the camp.

"CANCER AWARENESS RALLY"

Cancer remains one of the most significant public health challenges worldwide, affecting millions of individuals every year. While advances in treatment have improved the survival rates of many types of cancer prevention and early detection remains crucial. Raising awareness about cancer is key to reducing its burden on society. "Cancer Awareness Rally" organized by the 17(A)BN NCC at PB Siddhartha College, Vijayawada.

Date: 06-11-2020 with 15 attendees present at rally.

This event aimed to took part in a meaningful sustainability and development during lockdown.

1. Objectives of Practices:

- **Raise Awareness About Cancer Types and Risk Factors**
 - Objective: Educate the public about the different types of cancer (e.g., breast, lung, colorectal, prostate) and their associated risk factors.
- **Encourage Healthy Lifestyles**
 - Objective: Promote cancer-preventative behaviours, including healthy eating, regular exercise, avoiding tobacco use, and reducing alcohol consumption.
- **Provide Support to Cancer Patients and Families**
 - Objective: Raise awareness about the challenges cancer patients face, and provide information about support networks, counselling, and resources available to those affected by cancer.

2. The Context:

Cancer is one of the leading causes of death worldwide, with millions of new cases diagnosed each year. According to the World Health Organization (WHO), nearly 10 million people die from cancer annually. This makes raising awareness about cancer prevention,

detection, and treatment crucial for improving survival rates and reducing the impact of the disease.

Cancer Awareness Campaign aims to reduce the local burden of cancer by focusing on key issues such as:

- The importance of regular screening to detect cancer early.
- The significance of healthy lifestyles in reducing cancer risk.

3. The Practice:

Cancer Awareness Campaign involves a series of activities and initiatives designed to educate the public, promote healthy behaviours, provide support to cancer patients, and encourage proactive measures for early detection. Here are the key practices associated with **Cancer Awareness Rally**.

1. Educate Youth: To educate NCC cadets and other youth about cancer, its risks, and prevention strategies.
2. Support Cancer Patients: To show support and solidarity with cancer patients and their families.
3. Promote Community Involvement: To encourage community involvement and participation in cancer awareness and prevention efforts.

4. Evidence of Success:

- *Increased awareness and knowledge:* Participants reporting increased awareness and knowledge about cancer, its causes, symptoms, and treatment options.
- *Emotional impact:* The rally having an emotional impact on participants, including inspiring stories of hope and resilience.
- *Build Partnerships:* To build partnerships with local healthcare organizations, cancer support groups, and other stakeholders to promote cancer awareness and prevention.

5. Problems encountered and Resources required:

Problems Encountered

- a. Limited Awareness: Limited awareness about cancer, its causes, symptoms, and prevention among the public.
- b. Logistical Challenges: Organizing a rally requires significant logistical efforts, including arranging for venues, sound systems, and transportation.
- c. Resource Constraints: Limited resources, including funding, personnel, and equipment, can hinder the effectiveness of the rally.
- d. Engaging Audience: Engaging the audience and maintaining their interest throughout the rally can be a challenge.

Resources Required

- a. Volunteers: Volunteers to help with organization, promotion, and execution of the rally.
- b. Speakers: Guest speakers, such as doctors, cancer survivors, or health experts, to provide informative and engaging talks.
- c. Emcees: Emcees to host the rally and keep the audience engaged.

Date: 28th NOV 2019

"POTHLES FILLING AT VIJAYAWADA, GUNADALA"

Potholes filling Program at Gunadala from PB Siddhartha College, Vijayawada on 28th NOV 2019, with the participation of 18 volunteers.

No. of NSS Volunteers Conducted – 18

This event is aimed to come together and extend a helping hand to the needy and destitute. Potholes filling underway to improve road safety. Drive cautiously while repairs are in progress. Our NSS Unit-I volunteers conducted this program at marry matha chruuch, gonadala from morning 10am to 12:30 pm for this month.

1.Objectives of Practices:

- **Road Safety:** Road safety ensures the protection of all road users by preventing accidents and minimizing risks. It involves proper infrastructure, responsible driving, and adherence to traffic rules.
- **Awareness and Education:** To educate the residents and volunteers about the harmful effects on Potholes filling.
- **Community Engagement:** To involve local communities and volunteers in supporting the activities of the marry Matha chruuch and promoting a Potholes filling

2. The Context: Pothole filling is a crucial road maintenance practice aimed at repairing surface damage caused by weather conditions, traffic load, and natural wear and tear. Potholes form due to the weakening of road materials, often exacerbated by water infiltration and temperature fluctuations. If left unattended, they can lead to road deterioration, vehicle damage, and safety hazards for motorists and pedestrians.

3.The Practice:

- **Pothole Filling:** Pothole filling is a systematic road maintenance process aimed at restoring road surfaces for safer and smoother travel. The practice involves identifying potholes, cleaning the affected area, and using suitable materials like hot or cold asphalt mix to fill and compact the holes
- **Educational Sessions:** pothole filling teach effective repair methods, material selection, and safety protocols. They ensure durable repairs, enhancing road safety and maintenance efficiency.

- **Community Involvement:** Encouraged local communities, volunteers, and organizations to participate in the Potholes filling activities and support the mission of Pothole on road.

4.Evidence of Success:

- **Increased Awareness:** Educational sessions raised awareness among the residents and volunteers about the harmful effects of Potholes on Road and the importance of sustainable practices.
- **Community Support:** Active participation from local communities and volunteers strengthened the support network for the church and promoted a collective effort towards Road safety on Potholes.

5.Feedback: The volunteers demonstrated excellent teamwork and coordination, working together seamlessly to execute the activities. This collaboration is essential for tackling the multifaceted challenges faced by the ashram. The volunteers and participants displayed an admirable level of dedication and commitment to the cause. Their willingness to invest time, effort, and resources is crucial for the success of the initiatives at marry matha church.

"AIDS Rally – Awareness Rally"

Awareness rally on AIDS organized by our NSS units in association with NSS Cell, Krishna University on 1st Dec 2020 at Tumalapalli Kalakshetram, with the participation of 46 volunteers. Being held every year by our NSS Unit – 1 to create awareness in the society.

No. of NSS Volunteers Conducted - 46

This event is aimed to raise awareness about AIDS, promote prevention measures, and educate the community about the disease. Volunteers chanted slogans to emphasize the importance of eradicating AIDS and preventing its spread.

1. Objectives of Practices:

- **Awareness and Education:** To educate the public about AIDS, its transmission, and prevention methods.
 - **Community Engagement:** To involve the local community in the awareness campaign and promote a collective effort to combat AIDS.
 - **Youth Involvement:** To encourage the youth to take an active role in spreading awareness and preventing the disease.
2. **The Context:** The Awareness Rally on AIDS is part of an initiative to fight against the AIDS epidemic. The event seeks to inform the public about the lack of a cure for AIDS and the importance of prevention. Educated Zilla Parishat High School students on the transmission and symptoms of AIDS.

3. The Practice:

- **Slogan Chanting:** Volunteers chanted impactful slogans to raise awareness and drive out the AIDS epidemic from the country.
- **Educational Sessions:** Conducting sessions to educate students and the community about AIDS, its symptoms, and prevention.
- **Community Involvement:** Encouraging the local community to participate in the rally and support the awareness campaign.

4. Evidence of Success:

- **Increased Awareness:** The rally successfully raised awareness about AIDS and its prevention among the community members.
 - **Youth Participation:** Active involvement of students and youth demonstrated their commitment to the cause and responsibility towards society.
5. **Feedback:** The volunteers displayed excellent teamwork and dedication in organizing the rally. The educational sessions were well-received, and participants expressed their appreciation for the initiative. The involvement of youth and the community contributed significantly to the success of the rally and the dissemination of important information about AIDS.

"Ganesh Idol Distribution"

This event is organized by our NSS units at PB Siddhartha College. Volunteers distributed mud Ganesha idols to promote environmental sustainability and cultural heritage.

No. of NSS Volunteers Served - 11

This event is aimed to raise awareness about eco-friendly practices and the importance of using mud Ganesha idols during festivals. Volunteers emphasized the benefits of avoiding plaster of Paris and chemical paints to prevent pollution.

1. Objectives of Practices:

- **Awareness and Education:** To educate the public about the environmental benefits of using mud Ganesha idols.
- **Community Engagement:** To involve the local community in promoting eco-friendly practices during festivals.
- **Youth Involvement:** To encourage the youth to take an active role in spreading awareness about environmental sustainability.

2. The Context:

The Mud Ganesha Idols Distribution is part of an initiative to promote eco-friendly celebrations. The event seeks to inform the public about the negative impact of non-biodegradable materials and the importance of using natural alternatives.

3. The Practice:

- **Awareness:** Conducting awareness to educate students and the community about the advantages of using eco-friendly idols.
- **Community Involvement:** Encouraging the local community to participate in the distribution and support the initiative.

4. Evidence of Success:

- **Increased Awareness:** The distribution event successfully raised awareness about eco-friendly practices among the community members.
- **Youth Participation:** Active involvement of students and youth demonstrated their commitment to the cause and responsibility towards the environment.

5. Feedback: The volunteers displayed excellent teamwork and dedication in organizing the distribution. The educational sessions were well-received, and participants expressed their appreciation for the initiative. The involvement of youth and the community contributed significantly to the success of the distribution and the promotion of eco-friendly practices.

Date: 31ST May 2018

WORLD NO TOBACCO CAMPAIGN

The World No Tobacco Day campaign was conducted at Andhra Loyola College, Vijayawada, on 31st May 2018, to raise awareness about the harmful effects of tobacco consumption and to promote a tobacco-free lifestyle. The campaign aimed to educate students and the public on the dangers of smoking, chewing tobacco, and passive smoking, encouraging them to adopt healthier habits.

The event featured awareness rallies, guest lectures, anti-tobacco pledge-taking, and skits to highlight the health risks associated with tobacco use and the importance of a tobacco-free society.

Location: Andhra Loyola College, Vijayawada

Date: 31st March 2018

Participants: 20 cadets

- 5 cadets from PB Siddhartha College
- 3 cadets from Maris Stella College
- 12 cadets from Andhra Loyola College

1. Objectives of Practices:

- Create Awareness on Health Hazards – Educate participants about the harmful effects of tobacco on health.
- Encourage Tobacco-Free Lifestyle – Motivate students and the community to quit smoking and tobacco consumption.
- Spread Awareness on Passive Smoking – Highlight the dangers of secondhand smoke exposure.
- Promote Government Initiatives – Support anti-tobacco policies like "Tobacco-Free India" and public smoking bans.

2. The Context:

Tobacco consumption remains a major public health concern in India, leading to diseases like lung cancer, heart disease, and respiratory disorders. Many individuals, especially youth, fall

into the habit due to peer pressure, lack of awareness, or addiction. This event was designed to educate students and the local community on the risks of tobacco use and to inspire them to lead a healthier, smoke-free life.

3. The Practice:

- Anti-Tobacco Awareness Rally – Cadets marched with banners and placards displaying messages like *"Say No to Tobacco"*, *"Smoking Kills"*, and *"Your Lungs Need Fresh Air"*.
- Guest Lecture by Health Experts – A doctor from the Public Health Department gave a session on tobacco-related diseases and quitting strategies.
- Skits & Street Plays – Cadets performed street dramas portraying the impact of tobacco on families and individuals.
- Pledge for Tobacco-Free Life – Participants took an oath to never consume tobacco and to spread awareness.

4. Evidence of Success:

1. Increased Awareness – Students and faculty members learned about tobacco-related health risks.
2. Encouragement for Quitting – Some participants expressed their willingness to quit tobacco after the session.
3. Community Impact – The awareness rally reached local vendors and passersby, spreading the anti-tobacco message.
4. Positive Feedback from College Authorities – The event was appreciated by faculty and management, encouraging future initiatives.

5. Problems encountered and Resources required:

Problems Encountered:

- Resistance from Tobacco Users – Some people were not willing to listen or consider quitting.
- Need for Professional Counseling – Individuals addicted to tobacco required medical or psychological support.
- Limited Participation from the General Public – More community engagement was needed beyond college students.
- Logistical Issues – Arranging posters, banners, and audio-visual equipment required better planning.

Resources Required:

- Educational Materials – Flyers, posters, and pamphlets on tobacco-related diseases and quitting methods.
- Support from Healthcare Experts – Doctors and counselors to guide and counsel individuals on quitting tobacco.
- Community Engagement Programs – Long-term initiatives to monitor and support tobacco users in quitting.
- Financial Sponsorships – Funding for awareness materials, logistics, and outreach programs.

WORLD GIRL CHILD ACTIVITY

The **Girl Child Day Event** was organized on **24th January 2019** at **Andhra Loyola College, Vijayawada**, to celebrate **National Girl Child Day**. This initiative aimed to **raise awareness about gender equality, girl education, and women's empowerment**. The event included **seminars, awareness rallies, interactive discussions, and cultural programs** to highlight the importance of supporting and uplifting the girl child in society.

Location: Andhra Loyola College, Vijayawada

Date: 24th January 2019

Participants: 25 cadets

- 5 cadets from PB Siddhartha College
- 10 cadets from Maris Stella College
- 10 cadets from Andhra Loyola College

1. Objectives of Practices:

- **Promote Gender Equality** – To emphasize the equal rights of girls in education, healthcare, and opportunities.
- **Encourage Girl Child Education** – To highlight the significance of educating girls for a better future.
- **Spread Awareness on Women's Rights** – To inform people about laws and policies that protect and support girls.
- **Boost Self-Confidence Among Girls** – To motivate young girls to pursue their ambitions without societal barriers.
- **Community Engagement** – To involve students, faculty, and parents in supporting girl children.

2. The Context:

Despite progress, gender discrimination, child marriages, and unequal access to education still exist in society. The event was conducted to address these issues and encourage a positive shift in mindset. Andhra Loyola College served as the ideal venue, allowing

collaboration between students from different institutions to advocate for the empowerment of girls and women.

3. The Practice:

- **Awareness Rally** – Cadets participated in a rally holding placards with slogans promoting **gender equality and girl education**.
- **Seminar & Talks** – Guest speakers, including educators and activists, discussed **women's rights, health, and career opportunities**.
- **Role Model Stories** – Success stories of **women achievers** were shared to inspire young girls.
- **Cultural Activities** – Skits, songs, and speeches were presented to convey messages about **women empowerment**.

4. Evidence of Success:

- **Increased Awareness** – Participants gained a better understanding of gender issues and the importance of girl education.
- **Active Student Participation** – Cadets and students engaged enthusiastically in discussions and activities.
- **Positive Feedback** – Faculty members and attendees appreciated the efforts in promoting gender equality.
- **Media Recognition** – The event was acknowledged in college newsletters and local news reports.

5. Problems encountered and Resources required:

Problems Encountered:

- **Limited Public Participation** – More engagement from parents and the community was needed.
- **Lack of Awareness** – Some participants were unaware of policies protecting girl child rights.
- **Time Constraints** – Managing multiple activities within a single day was a challenge.
- **Limited Sponsorships** – More funding was required to expand the event's reach.

Resources Required:

- **Awareness Materials** – Posters, pamphlets, and banners for gender equality messaging.

- Audio-Visual Equipment – Projectors and microphones for presentations and speeches.
- Guest Speakers & Experts – Professionals to educate attendees on girl child rights and empowerment.
- Financial Support – Sponsorships for event logistics and materials.

Date: 22nd Mar 2019

PaaniBachaoAbhiyan

The PaaniBachaoAbhiyan (Save Water Campaign) was conducted on 22nd March 2019, coinciding with World Water Day, to spread awareness about water conservation, sustainable water use, and the importance of protecting water resources. The event aimed to educate students, staff, and the local community about water scarcity, rainwater harvesting, and reducing water wastage through various activities like rallies, awareness drives, and practical demonstrations.

Location: Maris Stella College, Vijayawada

Date: 22nd March 2019 (World Water Day)

Participants: 25 cadets

- 5 cadets from PB Siddhartha College
- 12 cadets from Maris Stella College
- 8 cadets from Andhra Loyola College

1. Objectives of Practices:

- Raise Awareness on Water Conservation – Educate people about the urgent need to save water.
- Promote Sustainable Water Practices – Encourage rainwater harvesting, water recycling, and efficient water use.
- Reduce Water Wastage – Highlight simple steps to prevent water wastage in daily life.
- Engage the Community – Involve students, faculty, and locals in active participation.

2. The Context:

Water scarcity is a growing concern, and **Vijayawada, like many other cities, faces seasonal water shortages.** Misuse of water, excessive groundwater depletion, and lack of awareness about conservation are major issues. The **PaaniBachaoAbhiyan** was organized to **educate people about the importance of water conservation** and encourage them to take small but impactful steps in their daily lives.

3. The Practice:

- Awareness Rally – Cadets carried banners and placards with messages like *"Every Drop Counts"*, *"Save Water, Save Life"*, and *"Be a Water Hero"*.

- Seminar on Water Conservation – Experts and faculty members discussed water crisis issues and solutions.
- Demonstration of Rainwater Harvesting – A practical session showcased how rainwater can be collected and stored.
- Pledge for Water Conservation – Participants took an oath to use water responsibly.

4. Evidence of Success:

- Increased Awareness – Many students and staff committed to reducing water usage.
- Campus Initiatives – Maris Stella College introduced better water management practices.
- Positive Community Response – Locals appreciated the awareness efforts and showed interest in rainwater harvesting.
- Media & College Recognition – The event was featured in college reports and local media.
- Behavioral Changes – Participants actively avoided water wastage and encouraged others.

5. Problems encountered and Resources required:

Problems Encountered:

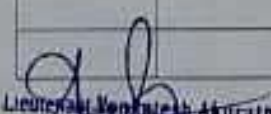

- Lack of Initial Public Interest – Some participants were unaware of water issues and reluctant to change habits.
- Technical Challenges – Implementing rainwater harvesting required technical guidance.
- Need for Long-Term Impact – A single event was not enough; continued efforts were needed.
- Limited Funding – More resources were required for awareness materials and demonstrations.

Resources Required:

- Educational Materials – Posters, banners, and pamphlets for spreading awareness.
- Demonstration Kits – Mini models for rainwater harvesting and water recycling.
- Financial Support – Sponsorships for future water conservation projects.
- Technical Expertise – Guidance from water management professionals.

PLANTATION ON WORLD ENVIRONMENTAL DAY AT VMC SCHOOL, RAMAVARPADU

World Environment Day was celebrated at VMC School, Ramavarappadu Ring, Vijayawada, on 5th June 2019, with the participation of 20 cadets. The event aimed to raise awareness about environmental protection and sustainability.

1. Objectives of Practice:

- **Raise Awareness** – Educate participants about environmental issues such as pollution, deforestation, and climate change.
- **Promote Sustainability** – Encourage eco-friendly habits like waste reduction, recycling, and energy conservation.
- **Enhance Participation** – Engage students, cadets, and the community in activities that contribute to environmental protection.
- **Develop Responsibility** – Instill a sense of duty towards nature and inspire proactive steps for a cleaner environment.
- **Encourage Plantation** – Promote afforestation and tree plantation drives to improve air quality and biodiversity.

2. The Context:

World Environment Day (WED) is observed annually on **June 5th**, led by the **United Nations Environment Programme (UNEP)**, to promote global awareness and action for environmental protection. It was established in **1972** during the **United Nations Conference on the Human Environment** and has since become the most significant environmental platform worldwide. Each year, WED focuses on a **specific theme** to address pressing environmental challenges such as **climate change, pollution, biodiversity loss, deforestation, and sustainable development**. Governments, organizations, educational institutions, and individuals participate through **tree planting drives, awareness campaigns, clean-up initiatives, and eco-friendly activities**.

The day serves as a reminder that everyone has a role to play in safeguarding the planet. It encourages **collective action and sustainable practices** to ensure a greener and healthier future for coming generations.

3. The Practice:

1. **Tree Plantation Drive:** Cadets actively participated in planting saplings in and around the school premises to promote greenery.

4. Evidence of Success:

The World Environment Day event at **VMC School, Ramavarappadu Ring, Vijayawada**, on **5th June 2019**, was a great success. Below are the key indicators of its impact. 20 cadets enthusiastically engaged in various activities, demonstrating a strong commitment to environmental protection. Several saplings were planted around the school premises, contributing to increased greenery. The rally and speech competitions helped spread important environmental messages among students and the local community.

5. Problems Encountered and Resources Required:

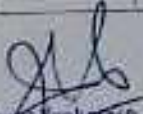

Shortage of tools like shovels, watering cans, and gloves for the tree plantation drive. High temperatures made outdoor activities like the rally and plantation difficult. Lack of proper waste segregation bins made the cleanliness drive slightly challenging. Some community members were unaware of the event, limiting external involvement.

MAHA SWACHHATA ABHIYAN

(Clean up the streets, roads and infrastructure of India's Cities, Towns and Rural Areas)

Maha Swachhata Abhiyan was celebrated at PB Siddhartha College, Vijayawada on 28th April 2018, with the participation of 21 cadets, dedicated to promoting cleanliness and sanitation.

This event aimed to promote cleanliness and sanitation, inspiring individuals to take responsibility for maintaining a cleaner and healthier environment for future generations.

1.Objectives of Practice

The primary goal of the **Maha Swachhata Abhiyan** is to enhance sanitation and hygiene across Maharashtra. This cleanliness campaign is designed to encourage individuals and communities to take responsibility for their surroundings and contribute to a cleaner and healthier environment. The key objectives include:

- Promoting awareness about sanitation and hygiene.
- Eliminating open defecation and improving public sanitation facilities.
- Encouraging waste segregation at the source.
- Ensuring effective waste management and recycling.
- Involving citizens in cleanliness drives at local, district, and state levels.

2.The Context

Launched by the Government of Maharashtra, the **Maha Swachhata Abhiyan** aims to support the broader goals of the national **Swachh Bharat Abhiyan**. It focuses on not just urban areas but also rural areas, ensuring that every part of Maharashtra contributes to a cleaner environment. The campaign works to make sanitation an essential part of community life.

‘स्वच्छता ही सेवा है’

("Cleanliness is Service")

This slogan encourages every individual to engage in cleanliness activities as a form of service to the community, emphasizing that the act of cleaning and maintaining hygiene is a service to society and the nation.

3.The Practice

The **Maha Swachhata Abhiyan** involves a variety of activities and initiatives to create a cleaner and more hygienic Maharashtra:

- **Community Participation:** Along with Local communities, schools, colleges, and government bodies we actively involved in cleanliness drives. Every individual is encouraged to play a role in keeping their surroundings clean.
- **Cleanliness Drives:** Public spaces, streets, parks, and rivers are cleaned through organized drives.
- **Awareness Campaigns:** Various campaigns are run through social media, workshops, and public interactions to educate people about the importance of sanitation.
- **Waste Management:** The campaign promotes waste segregation at the source, ensuring recyclable and non-recyclable materials are separated to reduce waste in landfills.
- **Infrastructure Development:** Public toilets are built and maintained to encourage people to maintain sanitation standards in urban and rural areas.

4.Evidence of Success

The **Maha Swachhata Abhiyan** has had a significant positive impact on Maharashtra's cleanliness and hygiene:

- **Reduction in Open Defecation:** Many rural areas in Maharashtra have become Open Defecation Free (ODF), marking a major achievement for the campaign.
- **Increased Participation:** People across the state have actively participated in cleanliness drives, resulting in cleaner streets, parks, and neighborhoods.
- **Waste Management Improvements:** The adoption of waste segregation has increased, and many areas have seen a decline in garbage accumulation.

5.Problems encountered and Resources required:

Problems Encountered

Despite the successes, there have been several challenges faced during the campaign:

- **Behavioral Resistance:** Changing long-standing habits and encouraging people to adopt regular cleanliness practices has been a slow process.
- **Inadequate Infrastructure in Remote Areas:** In some rural and remote parts of the state, there is a lack of proper sanitation infrastructure, including toilets and waste disposal systems.
- **Sustained Participation:** Ensuring consistent participation from local communities and volunteers remains a challenge, especially after the initial enthusiasm wanes.
- **Financial Constraints:** Limited budgets and resources make it difficult for local authorities to manage large-scale cleanliness drives and maintain sanitation facilities in the long term.

Resources Required

To sustain and expand the impact of the **Maha Swachhata Abhiyan**, the following resources are required:

Financial Investment: Adequate funding is crucial for building infrastructure like public toilets, waste management systems, and recycling centers.

Community Involvement: Active participation from citizens, NGOs, and local self-governments is necessary to keep the momentum going.

Technological Support: Advanced technologies for waste segregation, processing, and recycling should be integrated to manage the growing amount of waste effectively.

Skilled Manpower: Well-trained personnel are needed to handle the logistics of waste collection, recycling, and sanitation maintenance.

Awareness and Education: Continuous educational campaigns must be conducted to spread awareness about the importance of cleanliness and to encourage sustainable hygiene practices.

The **Maha Swachhata Abhiyan** is a vital step toward transforming Maharashtra into a cleaner and healthier state. Its success depends on the collective effort of citizens, government authorities, and various organizations working together for a cleaner, more sustainable future.
