NOTES ON ACCOUNTS FOR THE YEAR ENDED ON 31ST MARCH 2021

1. Depreciation on Fixed Assets is not provided for in the books of accounts.
2. Fee receipts and expenditure are recognized on cash basis.
3. Previous year items were re-grouped and reclassified wherever considered necessary.
4. Value Difference, if any, between the amount of Fixed Deposits reinvested and face value of deposit as per Interest Statement obtained from bank was accounted as interest in the books of account.

NOTES ON ACCOUNTS FOR THE YEAR ENDED ON 31ST MARCH 2021

1. Depreciation on Fixed Assets is not provided for in the books of accounts.
2. Fee receipts and expenditure are recognized on cash basis.
3. Previous year items were re-grouped and reclassified wherever considered necessary.
4. Value Difference, if any, between the amount of Fixed Deposits reinvested and face value of deposit as per Interest Statement obtained from bank was accounted as interest in the books of account.

Those charged with governance are responsible for overseeing the entity's financial reporting process.

AUDITORS' RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate,

they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the society's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the society's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the society to cease to continue as a going concern.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
