Best Practice 2

Title: Student Welfare and Leadership

Objectives:

Personality development: To help students develop their overall personality in all aspects of life

Talent identification: To help students discover their hidden talents and provide opportunities to showcase them

Confidence building: To help students build confidence and self-reliance

Academic support: To help students address academic concerns and achieve academic excellence

Discipline: To promote good student behaviour and maintain discipline standards. Code of Conduct for students is printed in student handbook.

Extracurricular activities: To help students participate in activities like sports, games, drama, music, clubs, and societies

Support for students with disabilities: To provide special care for students with disabilities and monitor their day-to-day support needs. Students with special needs are identified in the college and special concessions and other provisions are provided.

Anti-ragging: To establish an anti-ragging cell to curb ragging in higher educational institutions. Anti-ragging hoardings are displayed at vintage points in the college.

Student council elections: To facilitate student participation in student council elections. Structured students council is the body in the college.

Financial support: To provide financial support to students who need it to pursue higher education. Special fee concessions and fee waivers are practiced in the college to encourage the merit among the students.

Self-employment: To encourage students to pursue self-employment. Si Space in the college provide required facilities through EDC of the college.

Context:

Student welfare and development in the college is ensuring students' well-being and helping them become productive citizens. Here are some some to consider:

Student welfare services; These services address students' needs in areas like mental health, physical health, academics, and non-academics. Medical centre, First Aid centre, Yoga centre, Indoor Gym and Outdoor Gym, Cardio room, play field, Labs, Data Centre, Elbow room, Idea room in the college cater to the needs of students.

Student development

This can include creating a supportive classroom environment, building rapport with students, and curricula.

The Simulative curriculum, ICT enabled classrooms, student led fests in PBSCAS bring 360 degree development in the students. Co-curricular and extra-curricular activities are the supportive centres for the complete development of students in the college

Student representation

Encouraging a disciplined student representation can help students' voices be heard and attended to.

Highly structured student body in the college takes active part in representing the student end with respect to welfare and development to the authorities.

Practice:

In each academic year the under mentioned student led events are conducted. Funds will be raised by the students. Each event from start to end is organized by the students with the support of the faculty members.

Student Events in PBSCAS

Kurukshetra: Organized by Department of Business Administration

Magnova: Organized by Department of Business Administration

Visleshak: Organized by Department of Business Analytics

Incando: Organized by Department of Commerce

Econ: Organized by Department of Economics

Limes: Department of English

Chemcoloquium: Organized by Department of Chemistry

Sintella: Organized by Department of Physics

Blitzkreig: Organized by Department of Computer Science

Vibhava: Organized by Department of Computer Science

PBSCAS is able to foster leadership activities among students and also the scope for mastering their organizational skills.

Extracurricular arena in PBSCAS include 4 NCC wings, three NSS units, 21 Student Clubs, Women Empowerment Cell, Sports and Games, Yoga etc. These wings/units organize neighbourhood activities to serve the communities, in line with the college slogan-enter to learn, leave to serve and live as siddharthian.

Following are the student clubs in PBSCAS

Apart from the regular academic schedule students are motivated towards extracurricular activities to bring out their hidden talents and interests.

To enhance the social approach among students, 21 student clubs such as Good habits club, Eco club, Green club, Water conservation club, Energy conservation club, Habitat club, Bio – diversity club, Adult Literacy club, Neighbourhood club, IT club, Ethics club, Help club, Amenities club, Campus maintenance club, Literacy club, Cultural club,

Photography club, Health club, Women club, Ethnic club, Cycle club are formed to motivate students towards different activities.

The objectives of these clubs are:

To impart orderly and friendly approach among students.

To enhance planning and execution skills.

To bring out creative thoughts and unique ideology from students.

To create awareness among students towards updating of technology, social concerns and geographical necessities.

To improve the inventive and productive thought process of students with respect to information technology, bio-diversity, energy conservation etc.,

To promote team work and the spirit of unity and integrity among students.

To hone up the natural abilities of the students and drive them towards constructive goals.

To promote the importance of ethics, literacy, concern for neighborhood, gender sensitivity, tradition and ecology.

Following are the neighbourhood activities conducted

1. Spoorthy 2019 - Pothole Filling

Spoorthay is a programme started by our NSS unit I and II dedicated to a specific cause in each academic year. In the year 2019-20 the dedicated outreach programme is pothole filling. This is the inspiration from Sri K. Balagangadhara Tilak, popularly known as Road Doctor.

Through Spoorthy 2019 program the NSS unit came out with a great initiative to fill potholes. Poor civic sense is the major cause for accidents in addition to the potholes. Potholes on the roads are really a menace to the public as not only causing damage to the vehicles, but also impacting the lives of the people, sometimes the bread earners of the family.

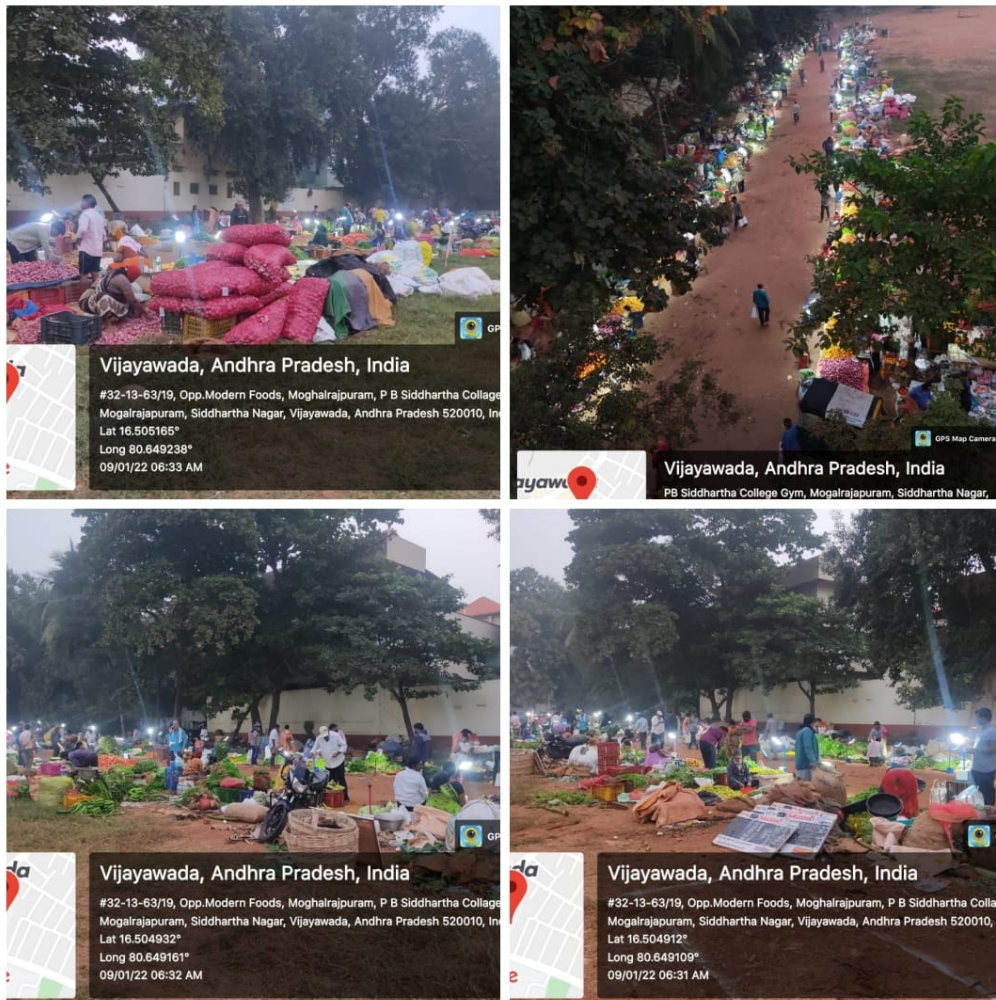

NSS teams of PBSC have started this activity as social responsibility of the institution. Funds are raised by the institution to meet the expenses. Hotmix, a material required to fill the pothole has been purchased by the institution. NSS volunteers are engaged in filling the potholes under the supervision of Sri K. Balagangadhara Tilak. Sri P. Subhakar NSS PO of Unit II and Sri D. Srinivasa Reddy NSS PO of unit I supervised the activity yearlong. The management of the college encouraged and supported the activity.

The college feels great for this noble initiative in these pandemic times, as Government is unable focus on the roads maintenance. The programme is continued for a complete year

2. Rythu Bazar:

The P.B Siddhartha College of Arts and Science has initiated another social activity by providing space for Rythu Bazar, a vegetable market in which farmers are the vendors. The college is located in the strategic point of Vijayawada. New centres were planned by Government of Andhra Pradesh to cater to the need of the public in COVID with respect to the daily purchases. Vegetables are one of the daily consumables need more attention. To avoid the heavy crowds during COVID pandemic period government increased the number of Rythu Bazars. Our college volunteered to provide space to the conduct of Rythu Bazar. It is our pride to serve the society in needy times. This Rythu Bazar was held in PBSCAS grounds from March 2020 to till date. It is rated to be the best in serving the public during hard times.

3. Service to the needy

Food, Vegetables and Fruits Distribution

The NSS units I and II of PB Siddhartha College of Arts and Science and Alumni of the college have conducted service activity distributing Food, Vegetables and Fruits to poor and needy during COVID Pandemic First lockdown

While everyone in the world is facing a pandemic and crisis due to Covid 19, the college took a small initiative through NSS Units & Alumni of PB Siddhartha college of Arts and Science to distribute food within Vijayawada limits during First lockdown of Covid 19 pandemic. The volunteers of NSS unit and, NCC wings delivered food collecting contributions and donations from Alumni students. Below are the details for the same.

In the months of May and June, 2019 we had distributed food around for 24 days

- ✓ Total Received Amt: 40,255/-
- ✓ Total amount spent from Day 1 to Day 19 40,040/-
- ✓ For these 19 days Total 2,227 needy people are benefited.

The activity had to be stopped food due to deregulation in lockdown timings. The spirit will never die; the college is wedded to the activity and continue the food distribution anytime, if the situation warrants. Unfortunately, due to the recurrence of

pandemic crisis during second wave, after a couple of days, the activity is resumed. Below are the details for the same

- ✓ Total Received Amt: 14,225/-
- ✓ Total amount spent from Day 20 to Day 24 (5 days) 11,419/-
- ✓ This balance was spent on our PBS students, who were in need.
- ✓ 1st lockdown spent (40,040/-) + 2nd lockdown spent (11,419/-) = 51,459/-
- ✓ Over all 3075 (1st + 2nd = 2227+848) people were benefited and we have spend on an average of 17/- for a food packet

4. Special Camp:

PBSCAS NSS Units 1 and 2 organized a special camp in the adopted village of Vedurupavuluru. The camp spanned several days, with a structured schedule of activities aimed at community service, awareness, and engagement.

Day 1: Swachh Bharat Abhiyan The camp kicked off with the Swachh Bharat mission. Volunteers and villagers participated in a cleanliness drive, focusing on public spaces, roads, and schools. The activity aimed to spread awareness about hygiene and the importance of a clean environment.

Day 2: Plantation Drive On the second day, a plantation drive was conducted to improve the green cover of the village. The volunteers planted saplings in public areas, teaching residents about the benefits of trees and the role they play in a healthy ecosystem.

Day 3: AIDS Awareness Rally A rally was organized to raise awareness about AIDS, emphasizing prevention, myths, and the need for sensitivity towards affected

individuals. Volunteers distributed pamphlets and conducted interactive sessions to educate villagers.

Day 4: Literacy Survey The volunteers conducted a literacy survey in Vedurupavuluru, gathering data on educational levels in the village. This information will help identify areas for further educational initiatives and support programs.

Day 5: Free Medical Camp A free medical camp was set up with the support of healthcare professionals to provide basic medical check-ups, health screenings, and medicines to villagers. The camp aimed to ensure access to primary healthcare for all, especially the underprivileged.

Day 6: Cultural Activities The camp concluded with cultural activities involving both NSS volunteers and villagers. This day included traditional performances, skits on social issues, and interactive sessions to build rapport and celebrate community spirit.

5. Plantation:

NSS Units 1 and 2 of P.B. Siddhartha College of Arts and Science introduced a year-long Plantation Program in 2022, promoting environmental conservation and community involvement. This initiative was designed to increase green cover in surrounding areas and raise awareness about the importance of planting trees.

Throughout the year, NSS volunteers actively participated in planting trees in various locations, such as public parks, school grounds, community centers, and roadsides, wherever greenery was needed. The volunteers took on the responsibility of selecting locations, preparing the soil, planting saplings, and nurturing them until they became self-sustaining.

The program emphasized the selection of native species, which are more suited to the local climate and ecosystem. Additionally, the volunteers conducted awareness campaigns in nearby communities, educating people on the benefits of trees for a cleaner, healthier environment. They also collaborated with local authorities and environmental organizations to ensure the program's sustainability and engage as many people as possible in the greening effort.

This ongoing initiative not only helped enhance the aesthetic and environmental quality of the area but also instilled a strong sense of responsibility toward nature in the participating NSS volunteers and the broader community.

6. Cow feeding:

In 2023, NSS Units 1 and 2 of P.B. Siddhartha College of Arts and Science introduced an ongoing “Cow Feeding” program to support stray and unsheltered cows across Vijayawada. This initiative underscores the college’s commitment to animal welfare and the nurturing of compassionate values among students.

NSS volunteers actively participate in feeding stray and unsheltered cows in various parts of Vijayawada, including temples, public spaces, and urban areas where these animals frequently roam. The volunteers bring nutritious food such as green fodder, vegetables, and grains to ensure the cows receive balanced and healthful meals. Each feeding session is carefully organized, with volunteers taking turns to visit different locations within the city, ensuring that as many cows as possible benefit from the program.

This activity not only provides essential support to animals in need but also fosters community awareness about animal welfare, inspiring others in Vijayawada to show empathy and care toward stray animals. Through this meaningful initiative, NSS volunteers learn the value of service, kindness, and social responsibility, making a positive impact on both the community and its animals.

7. IDLE Free Zone:

In 2021, NSS Units 1 and 2 of P.B. Siddhartha College of Arts and Science launched the *Save Nature, Save Earth* initiative to tackle pressing environmental challenges through sustained, community-focused actions. Under this initiative, the program “IDLE Free Zone, Turn Off Engines” was introduced with a mission to reduce air pollution in Vijayawada’s busiest traffic zones.

Conducted every morning for an hour, the program is centered around high-traffic areas, particularly the signals near NTR Health University and Benz Circle. This campaign encourages drivers to turn off their vehicle engines while waiting at traffic lights, minimizing idling time, a major contributor to urban pollution. Through this simple action, the program aims to reduce pollution by an estimated 15-20%, contributing to improved air quality for the community.

NSS volunteers lead the program daily, engaging with drivers by holding up educational placards, distributing informative pamphlets, and speaking directly to the public about the environmental benefits of reducing idling. The awareness campaign, which has been carried out consistently since 2021, has seen positive community responses, with more and more drivers adopting the practice and spreading awareness.

By maintaining this program over the years, NSS Units 1 and 2 are committed to embedding sustainable practices in the community and creating long-lasting environmental impact. Through *Save Nature, Save Earth*, they continue to make a significant contribution to Vijayawada’s journey towards a cleaner, healthier environment.

Siddhartha Kalapeetam

Siddhartha Kalapeetam, a cultural wing of Siddhartha Academy of General and Technical Education, The society under which PBSCAS is working in collaboration with the College conducts cultural activities/events to promote the Culture, Art and Traditions. 'Unity in diversity' is promoted and awareness on 'cultural importance' is spread among the college community by celebrating the festivals of all religions through student clubs. Kuchipudi, a native dance form, being a very authentic and original art form has the expertise in awakening the generations towards culture and tradition of India .Kuchipudi dance performances are arranged to escalate the importance of culture in India and keeping Art alive. Performances like Vandemataram promote the spirit of patriotism among youngsters in particular and society at large. Music is divine and it makes us understand the beauty of life and enhances the spirit of divinity. Concert on Sankeerthana of Annamachaarya aimed at promoting the same among people in the society. To understand the cultural and intellectual roots of India, Avadhanam was organized.

Siddhartha Foundation:

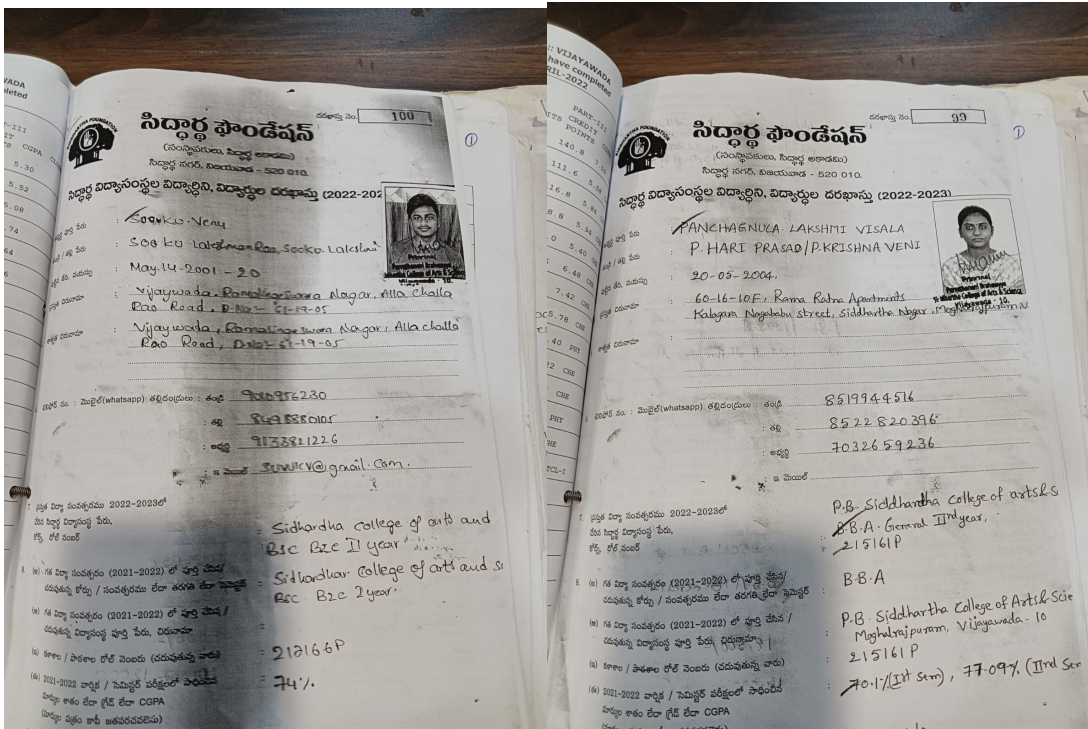

Siddhartha Foundation, the charitable wing of P.B. Siddhartha College of Arts and Science, is dedicated to fostering educational opportunities for deserving students through its scholarship program. This initiative aims to provide financial assistance to students who demonstrate academic potential but face financial constraints, enabling them to pursue their studies without interruption. By supporting these students, Siddhartha Foundation actively contributes to the college's mission of promoting accessible and inclusive education.

The scholarships are awarded based on merit and financial need, ensuring that the most deserving students receive the help they need to achieve their academic goals. Each application is carefully reviewed to assess both the student's academic performance and their financial circumstances, providing a fair opportunity for all eligible candidates. By helping ease the financial burden on students and their families, these scholarships empower students to focus more fully on their studies and personal growth.

Beyond financial aid, Siddhartha Foundation's scholarship program also encourages a sense of belonging and motivation among students, reminding them that they are part of a supportive community that believes in their potential. Recipients often report feeling motivated to excel further in their academic pursuits and, in many cases, aspire to give back to the community in the future.

This scholarship initiative reflects the foundation's commitment to nurturing the next generation of leaders, scholars, and professionals. By investing in students' education, Siddhartha Foundation upholds its mission of transforming lives through education, extending beyond financial assistance to inspire a culture of learning, resilience, and generosity among the youth.

Siddhartha Walkers Club:

The Walkers Club at P.B. Siddhartha College of Arts and Science is a vibrant and active community comprising around 400 members, all committed to promoting health, wellness, and social responsibility. Established with the aim of fostering a healthy lifestyle among students, faculty, and community members, the club organizes regular walking sessions in and around the college campus. These gatherings not only encourage physical fitness but also serve as a platform for meaningful social interactions and community engagement.

In addition to their daily walks, the Walkers Club members actively participate in various community-centered activities throughout the year. Members volunteer their time and efforts for causes such as cleanliness drives, tree-planting initiatives, and local awareness campaigns on health and environmental issues. Through these activities, the Walkers Club seeks to enhance the college's connection with the surrounding community and inspire a culture of social responsibility. For example, they frequently organize "Clean Campus" days and "Green Walks" that combine exercise with environmental action, leaving a positive impact on both the participants and the neighborhood.

The club also organizes workshops and talks by health experts and fitness trainers to educate members on maintaining a healthy lifestyle, the benefits of regular exercise, and practices for mental well-being. These sessions provide valuable guidance on wellness and are open to all club members, fostering a supportive environment where individuals can seek advice and share their fitness journeys.

Overall, the Walkers Club at P.B. Siddhartha College of Arts and Science is more than just a fitness group—it is a community dedicated to personal health, community welfare, and environmental consciousness. With its growing membership and proactive approach, the club continues to enrich the lives of its participants and the broader community, inspiring others to join the movement for a healthier, more connected society.

5. Evidence of Success:

Students have attained higher levels of confidence.

Students have acquired organizational skills and resource management.

This best practice has imparted leadership quality among students.

The hidden talents of students have gained due recognition.

The dropout rate has reduced because of financial assistance extended to students for their curricular, co-curricular and extracurricular pursuits.

The practice has created a friendly environment for students.

6. Problems encountered and resources required

Some problems encountered in student welfare and leadership include:

Academic focus

Prioritizing student welfare can limit student opportunities for higher education and diminish academic focus.

Student wellbeing

Students with mental health issues who don't receive adequate support may have poor academic development and employment outcomes.

Funding challenges

College is facing funding challenges in providing quality welfare services.

Strained facilities and personnel

College is facing challenges in providing quality welfare services due to the growing student population.

Social welfare duties

Social welfare duties are over-emphasized in the education setting.

Student representation

Students are not sufficiently represented at all levels, which can make it difficult to hear their voices.

Some other problems students face include:

- Time management
- Academic stress
- Financial struggles
- Procrastination
- Social isolation
- Difficulty understanding course material
- Neglecting health and well-being
- Technology distractions

6. Notes

Students welfare and leadership encompasses the holistic well-being of students, including their physical, mental, emotional, and social needs, aiming to create a supportive learning environment that promotes academic success and personal development. As most of the students of our college are from lower economic status, the college helps them through scholarships to continue their studies.
