6. Brief Report of Programme:

The Mathematics world every year celebrates **February 7th** as e-Day in the name of the mathematical constant e , which is also called Euler's Number. ‘ e ’ is an inexplicably recurring number and it has a never ending chain of decimal points, the beginning of which is 2.718281828, and on and on it goes. This day is celebrated on 2/7 for the obvious reason that the date holds the same digits as e rounded to the nearest tenth.

On the eve of e-Day, the Department of Mathematics, P.B. Siddhartha College of Arts & Science, Vijayawada organized a lecture on “**Euler’s Number and Its Applications**” on 07.02.2023. Dr. K.R.Kavitha, Associate Professor, Laki Reddy Bali Reddy College of Engineering, Mylavaram was resource person. She enlightened the students on the Applications of this Euler’s number in Engineering and related fields. Prof. V.Lakshmi Prasannam, Head, Department of Mathematics; Prof. Rajesh C. Jampala, Dean; Sri V. Babu Rao, Director; Dr. Meka Ramesh, Principal; Faculty of Mathematics and students participated.

**P.B.Siddhartha College of Arts & Science :: Department of Computer Science
Industrial Visit to TCS, Hyderabad on 27th February 2023**

Building on belief

On February 27, 2023, we, the students of Parvathaneni Brahmayya Siddhartha College of Arts & Science, Vijayawada pursuing III B.Sc.(Computer Science with Cognitive Systems) had an opportunity to visit Tata Consultancy Services (TCS) Synergy Park in Hyderabad. TCS is one of the leading global IT services, consulting, and business solutions organizations and we were excited to visit their facility to learn more about their operations

- Number of students attended: 43
- Number of Faculty: 2

Purpose of Visit

The purpose of our visit was to gain practical knowledge about the functioning of an IT company and how various departments such as software development, project management, quality assurance, and testing work together to deliver IT solutions to clients. We were also interested in learning about the latest technologies and trends in the IT industry.

Company Profile

Tata Consultancy Services (TCS) is a global leader in IT services, digital and business solutions, and consulting. With a workforce of over 500,000 employees, TCS operates in over 46 countries and serves clients across multiple industries. TCS provides a range of services such as application development, maintenance and support, testing, infrastructure management, and business process outsourcing.

Visit Details

We were welcomed by the TCS team represented by Mr. Ravi Kumar Murthy, Academic Relationship Manager at the reception, and our visit started with a presentation about the company's history, operations, and services. The leadership emphasized career path and TCS advantage in their presentation. The presentation was followed by a tour of

the facility, where we observed various teams working on different projects. We got excited to visit the TCS cafeteria and had the delicious lunch along with TCS employees as part of our visit. We had the opportunity to interact with employees from different departments, including software development, project management, quality assurance, and testing. They explained to us their roles, responsibilities, and the skills required to succeed in their jobs. We also saw how the teams collaborated and communicated with each other to ensure timely delivery of projects.

Conclusion

The visit to TCS was a valuable experience for us. We gained practical knowledge about the functioning of an IT company and the various departments that work together to deliver IT solutions. We also learned about the latest technologies and trends in the industry, which will be helpful in our future careers. We thank TCS for providing us with this opportunity and our college for organizing the visit
