

GREEN CLUB

Green club is initiated to make the college campus green and eco-friendly and educate the students about the importance of sustainable development, outside the campus too. Students are engaged in green practices with an objective to make the environment clean, green and pollution free for their future community.

Green Club Activities:

The activities of the club include maintaining greenery in campus by tree planting, potting plants, removing weed, paper and plastic waste. The club functions any time round the year.

Quiz, GD, Debate on environmental issue are the future activities planned by the club student coordinators.
