Guest Lecture on wellness for Adolescents by Dr N.Anitha on 26-12-2019

Webinar on Wellness for Adolescents by Dr.A Vijaya Lakshmi on 02/01/2021

Current Situation Of Menstrual Hygiene Management In India

- women in the age group (15-24 years) 47% use sanitary napkins, 62% use cloths and 6% use locally prepared
- Overall, 18% of women in this age group use a hygienic method of menstrual protection
- 48% of rural women use a hygienic method of menstrual protection compared with 78% of urban women
- more years of schooling are more than four times as likely to be using a hygienic method as women with no schooling
- wealth quintile are more than four times as likely to use a hygienic method as women from the lowest wealth
